

# UTILITY SAFETY IN THE EVENT OF AN EMERGENCY

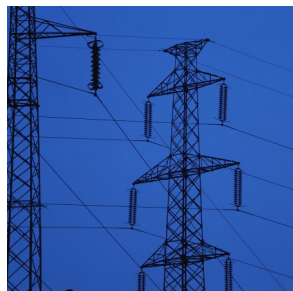

The City of Manhattan Beach in Conjunction with the Manhattan Beach Community Emergency Response Team Association (MBCERTA) invite you to join them for an informative session on how to be better prepared and ensure your safety when dealing with electricity and gas!

Representatives from the following groups will present and answer your questions:

**Southern California Edison, Gas Company**

**City of Manhattan Beach Public Works**

- Basics on electricity generation, transmission and distribution
- Dangers of downed power lines to first responders/public
- Identification of transmission, distribution, telecommunications
- Quiz on the identification of downed line dangers
- Working together on communication

**Wednesday**

**11/28/2012**

**7:00 PM**

**Joslyn Auditorium**

**1601 Valley, Manhattan Beach**

**310.802.5053**
