

**CITY OF MANHATTAN BEACH
MOBILITY PLAN UPDATE
PUBLIC WORKSHOP #1**

**February 4, 2013
Police/Fire Community Room
400/420 15th Street, Manhattan Beach, CA 90266
6:00 P.M. to 8:00 P.M.**

A G E N D A

The Mobility Plan is one of the required elements of the City General Plan. This update will replace the current Circulation Plan which is within the Infrastructure Element of the General Plan. The City's General Plan identifies the community's vision for its collective future and establishes the fundamental framework to guide decision making about development, resource management, public safety, public services, and general community well-being. The Mobility Plan update will provide goals and policies for a balanced, multi-modal transportation system for the movement of people and goods in Manhattan Beach. A balanced system uses multiple modes of travel to meet the needs of all users to include motorists, pedestrians, bicyclists, children, persons with disabilities, seniors and users of public transportation.

A. WELCOME

Richard Thompson, Director of Community Development

B. PRESENTATION BY ITERIS, INC. and FEHR & PEERS

C. PUBLIC COMMENTS, QUESTIONS & ANSWERS

D. PUBLIC ENGAGEMENT

Attendees are encouraged to visit the four transportation mode stations to talk to staff, review maps, discuss and provide written feedback and comment on areas of concern, improvements and enhancements to the City's transportation infrastructure.
