Dear Council Members:

My name is Helen Block. I am a resident of Manhattan Beach, and I support the Manhattan Village Enhancement Project. The reason(s) I support the project are as follows:

1. In accordance with the city plan, the site of Manhattan Village Mall is to be developed and maintained as a regional commercial retail destination. To maintain a competitive edge the mall must be updated and expanded so it can attract businesses up to the standards of the local community and consumers from outside the immediate area. The city council recently echoed the need for the city to develop business revenues in order for the city to bridge the gap between current tax income and city expenditures.
2. As a resident of a neighborhood bordering the mall I recognize the enhancement would bring more traffic onto already busy streets and thorough fares. Areas east of the mall will most likely bear the larger portion of the traffic than our more vocal residents immediately west of Sepulveda. Consideration should be given to modifying the entrances and exits to the mall and the timing of the traffic lights. But additional traffic should not be the reason to withhold approval.
3. Without the proposed enhancements, the mall could lose key tenants and with it, the foot traffic to hold the other stores. Nothing is worse than vacant retail space for attracting vandals and lowering surrounding property values. Improving the mall will b

Dear Council Members:

My name is Scott Shaw. I am a resident of Manhattan Beach, and I support the Manhattan Village Enhancement Project. The reason(s) I support the project are as follows:

1. I like seeing renovation. Renovation = improvement. I'm not sure what happened that all of a sudden, everybody figured that this renovation project would mean bad things for the city? From what I am hearing, people of the city are complaining about the overflow of traffic and the lighting (And by "people of the city", I mean "Oak Ave. Residents"). Well, at the last city meeting, a traffic expert came and claimed that the increase of traffic caused by the improvement plan would be "insignificant". Also, a lighting expert was brought in to explain that it's not 1980 anymore and they make lights that shine straight down and not into somebody's living room a quarter mile away. Finally, I love the argument made by the Wade Phillips looking old man. While trying to rebuttle the traffic expert that just went on for some 30 minutes (he could have gone for 2 hours but he made his point and it was time to move on) with the main points of his 400 plus page report showing testing results and evidence that the increase of traffic will be insignificant, the old man stated "Well, the traffic expert says it won't make a difference in traffic but I think we all know that that's a bunch of you know what." ..... Very credible.
2. I don't like that I have to go elsewhere (Redondo or El Segundo) to find the shopping that I want. The improvement plan generates new retail space for additional stores and shops that can give me more options so that I do not have to go to El Segundo. To be specific, I wanted a pair of tennis shoes - something I could work out in. I'm not 13 anymore so I can't lace up a pair of Sketchers that I could most easily get at the walkable downtown store. Currently, Manhattan Village doesn't present a very good sporting goods option. So, I had to go to Dick's in El Segundo. Now, I know that the proposed direction of new business is going to be high end retail. To me, brands like Nike, Lululemon, and Under Armor are pretty high end so I see those as perfectly legitimate targets to set up shop at the newly renovated Manhattan Village. I also love the idea of having more restaurants and an outdoor space to socialize and mingle between different businesses. I think that creates a lovely exuberance that everybody can enjoy.

Thank you for your time and consideration on this important matter.

Dear Council Members:

My name is Lynne White. I am a resident of Redondo Beach, and I support the Manhattan Village Enhancement Project. The reason(s) I support the project are as follows:

1. As the new Chairman of the Board of the Manhattan Beach Chamber of Commerce, I highly support this project, which will enhance business in Manhattan Beach and increase tax dollars for the city, which translates to improvements and beautification for its residents. We want to attract those very desirable businesses to our city...or do we want to see those businesses end up in El Segundo or Torrance?
2. The Manhattan Mall desperately needs a facelift to attract new shops and dining options, giving residents and locals the convenience of not having to travel far to spend their money. This improvement is long overdue. The movie theaters are gone, Macy's is in two places, the shops in the middle of the parking lot don't really make sense. The Mall is very fragmented, so the shopping "experience" is fragmented. The new improvement will make people want to spend more time, i.e. more dollars shopping and dining. Again, all of those tax dollars translate to street and park improvements in the city and other beautification projects, which translate to property values for its residents.
3. Entering Manhattan Beach on Sepulveda from the North is an eyesore. The new concept of beautifying the Sepulveda - Rosecrans corner is desperately needed.
4. The open air concept better reflects what Manhattan Beach is all about and it is high time that the parking be addressed and the traffic congestion entering the Mall reworked.
5. This is a very well researched and well thought-out plan for moving into the future.

Thank you for your time and consideration on this important matter.

1. Revitalizing the area will only serve to bring up the existing businesses and increase retail spending in the area. The shops across the street are much nicer and cleaner now (in El Segundo), so when out of towners see them, they're attracted to those instead. I used to love Manhattan Village but haven't spent much time there recently due to there being so many other places to go that are "shinier!"

1. We must remain competitive with El Segundo and other retail areas. If not, the Village will decline....and revenues to the City will also decline.
2. The project as presented retains the small village atmosphere and fits in well with the community environment.
3. No new major tenant is planned which is a good thing. Keeping Macy's is important...but having other, smaller stores (even if chains) offers great variety for residents.

Dear Council Members:

My name is Sara Neilson. I am a resident of Manhattan Beach, and I support the Manhattan Village Enhancement Project. The reason(s) I support the project are as follows:

1. The current mall facility is dated and unattractive to revenue generating, community serving, value-add tenants. Manhattan Beach residents desire a variety of retail options and without a significant upgrade, the Manhattan Village will no longer be able to continue offering the level of retail options that residents desire. Thank you for your time and consideration on this important matter.
2. There is nothing that says an above ground parking facility needs to be unattractive. As long as the parking garage has the facade of an attractive building consistent with the architecture for the overall project and community it will certainly be more appealing than a sprawling asphalt parking lot.
3. As the immediate neighbor of the property, we're not looking forward to experiencing the mess of construction and added traffic, however this is a much needed investment in to the infrastructure and services of the Manhattan Beach community.

Dear Council Members:

My name is Charles Southey. I am a resident of Manhattan Beach, and I support the Manhattan Village Enhancement Project. The reason(s) I support the project are as follows:

1. We need to keep our tax dollars in MB. With El Segundo going into phase 2 of their development I fear we will lose to top retailers and their subsequent tax revenue to ES.
2. The village mall is a mess. Current parking is disorganized, the retailers are average and there is vacant space because of the disrepair
3. I would much rather shop in MB than Del Amo, Galleria and El Segundo. Not only is it more convenient it will be safer and more aesthetically pleasing.
4. I would love to be able to ride my bike to the mall when I need something.

I initially signed the petition to review the plans, but I have since asked to have my name removed based on a discussion I had with the City Manager. Please move this project forward so that MB can stay competitive.
