

COMPOSTING MADE EASY

Composting is nature's way of recycling food and yard waste into a valuable and free organic fertilizer for your garden.

Learn simple composting techniques at one of the city's free classes. Workshops last one hour and all levels are welcome — from the novice to the experienced. Manhattan Beach residents can purchase a Compost Bin for \$35 (a \$99 value) or a Worm Bin for \$35 (a \$129 value). Classes are free, open to the public, and reservations are not necessary. For more information call WM customer service at 310.830.7100 or visit <http://manhattanbeach.wm.com>.
