Dear Resident,

The Manhattan Beach Parks and Recreation Commission has recently discussed the feasibility of developing a skateboard park in the City of Manhattan Beach. Part of this process is determining the potential locations within the City where a skateboard park could be developed.

It is important to the City and the Parks and Recreation Commission that your comments and neighborhood considerations are heard. We want to know what you think. The Parks and Recreation Commission Skateboard Park Ad-Hoc Committee has been meeting to address and gather input and information regarding the feasibility and desirability of a skateboard park, and created a list of potential skateboard park locations and site selection criteria. This list was presented to the Parks and Recreation Commission. Based on the site selection criteria, the Parks and Recreation Commission selected the following sites as potential locations for a skateboard park:

Marine Avenue Park – 1625 Marine Avenue – two locations
Marine Sports Complex – 1751 Marine Avenue – one location
(Please see diagram on reverse)

The Parks and Recreation Commission Skateboard Park Ad-Hoc Committee is holding a community meeting, to which you are invited to further discuss these potential sites, at the following time and location:

Monday, May 12, 2014
6:00 pm
Marine Avenue Park
Rocketship Hall

Based on input received in this meeting, the Committee will make recommendations regarding the feasibility of developing a skateboard park to the Parks and Recreation Commission on Monday, May 19, 2014 in the City Council Chambers, 1400 Highland Avenue.

Please visit the potential sites and review notes and minutes from past Committee and Commission meetings: <http://www.citymb.info/city-officials/boards-and-commissions/parks-and-recreation-commission>.

If you have any questions, please contact the Parks and Recreation Department at mbskatepark@citymb.info or call 310-802-5448.
