1	One in-house Plan Check Engineer and the Building Official provide a majority of the building, engineering, disabled access, shoring, stormwater, grading, energy, green/sustainable plan reviews as well as assist other departments with Code related questions.~ ~ To maintain the four to six week turnaround service target for Building & Safety plan reviews, the City also contracts with an outside plan check firm. Plan check fees provide direct recovery for the costs of plan reviews, including those by the Contract Plan Checking firm. The loss of the Principal Plan Check Engineer position, combined with projected increased construction activity, allow limited plan check time for the Building Official and will necessitate the need to include funds for plan check and inspections requiring outside expertise. The proposed budget amount reflects that in recent years there has been a steady increase of new residential and commercial building and increased demands for			320,000.00

1	<p>expedited plan reviews. This is in addition to steady applications for remodels, additions and commercial tenant improvements, the Manhattan Village Mall expansion and other new commercial buildings. The anticipated increase in plan check revenue for the FY 16 is 20%. Expedited plan reviews are an accelerated service that in-house engineers and the plan check consultant provide for additional fees.~            ~            Utilizing the in-house Plan Check Engineer, the Building Official and contract plan check service provides owners, builders and developers a means to control the plan check turnaround, provide expeditious service and options to the Construction Community while balancing revenue~ increases with direct cost recovery, resulting in No Cost to the City. It allows the in-house Plan Check Engineer and the Building Official to~ provide one-on-one customer service. The proposed construction services budget will cover the anticipated increase in overall plan check activity.~            ~            *Reduced by \$100,000 due to approval of Supplemental to restore the Plan Check Engineer position (04/17/05).</p>
