

# Staff Report City of Manhattan Beach

TO:	Honorable Mayor Fahey and Members of the City Council
THROUGH:	Geoff Dolan, City Manager
FROM:	Sherilyn Lombos, Deputy City Manager
DATE:	September 6, 2005
SUBJECT:	Approval of Final Language for Previously Approved Addendum to Change Order No. 32 and a Contract Amendment with Swinerton Builders for Construction of the Police & Fire Facility

## **RECOMMENDATION:**

Staff recommends that the City Council give final approval for the contract amendment language to the agreement between Swinerton Builders and the City as well as the language of the addendum to change order number 32 which was approved by the Council on August 2, 2005.

## **FISCAL IMPLICATION:**

Change order #32 provides that the City will pay Swinerton \$160,025, calculated as 37 compensable days multiplied by \$4,325 per day (extended general conditions based on actual costs). Sufficient funds are available in the project budget to cover this change order.

## **BACKGROUND:**

At the August 2, 2005 City Council meeting City and Vanir staff presented information to the City Council about a negotiated agreement with Swinerton Builders. At that time, Council unanimously approved a change order in the amount of \$160,025 and an amendment to the contract to define substantial completion and final completion with final contract language to be brought back at a future Council meeting.

## **DISCUSSION:**

## Addendum to Change Order No. 32:

This addendum documents the compensable time extension of 37 days at \$4,325 per day and noncompensable time extension of 29 days for a total time extension of 66 calendar days added to the Police & Fire Facility construction contract. In addition, the addendum includes language which resolves outstanding issues prior to the date of the agreement (see paragraph #6 of addendum).

## First Amendment to the Contract Agreement:

This document defines substantial and final completion. Substantial completion is defined as that stage in the progress of the work when all items are complete so the City can occupy or use the facility for its intended purpose and is set at October 31, 2005. Final completion is defined as the

Agenda Item #:\_\_\_\_

stage of work when all work has been completed and is set at December 31, 2005. Liquidated damages are set for both stages of work.

# **CONCLUSION:**

Staff is recommending that the City Council give final approval for the contract amendment language and the addendum to change order #32, both of which were approved by the Council on August 2, 2005.

- Attachments: A. First Amendment to the Agreement between Swinerton Builders and the City of Manhattan Beach for Construction of the Manhattan Beach Fire & Police Facility
  - B. Addendum to Change Order No. 32

#### FIRST AMENDMENT TO THE AGREEMENT BETWEEN SWINERTON BUILDERS AND THE CITY OF MANHATTAN BEACH FOR CONSTRUCTION OF THE MANHATTAN BEACH FIRE & POLICE FACILITY

The CITY OF MANHATTAN BEACH ("City") and SWINERTON BUILDERS, ("Contractor"), (hereinafter collectively the "Parties") have previously entered into an agreement for construction of the Manhattan Beach Fire & Police Facility ("Agreement") on December 16, 2003.

WHEREAS, the parties are desirous of amending the term of said Agreement;

NOW, THEREFORE the Agreement is hereby amended as follows:

SECTION 00800 SPECIAL PROVISIONS:

2.01 Delayed Completion of the Work.

The Contractor shall be subject to the assessment of Liquidated Damages for failure to achieve Substantial Completion of the Work within defined substantial completion date of October 31, 2005. Liquidated Damages shall be at the rate of Five-Thousand Dollars (\$5,000) per calendar day until Substantial Completion of the Work is achieved.

Substantial Completion is that stage in the progress of the Work when all Work items are complete in accordance with the Contract Documents so the City can occupy or use the Work for its intended purpose, including startup and testing of all equipment. Substantial Completion shall be determined by the Project Manager and the City's Inspector after consultation with the Architect and upon request by the Contractor in accordance with the Contract Documents. The good faith and reasonable determination of Substantial Completion by the City's Inspector, Project Manager, in consultation with the Architect, shall be controlling and final.

The Contractor shall be subject to the assessment of Liquidated Damages for failure to achieve Final Completion of the Work within the defined final completion date of December 31, 2005. Liquidated Damages shall be at the rate of Two Thousand Five Hundred (\$2,500.00) per calendar day until Final Completion of the work is achieved.

Final Completion is that stage of Work when all Work has been completed in accordance with the Contract Documents, including without limitation, the performance of all correction or completion items noted upon Substantial Completion, and the Contract has been otherwise fully performed by the Contractor. Final Completion shall be determined by the Architect, Project Manager and the City's Inspector upon request of the Contractor. The good faith and reasonable determination of Final Completion by the City's Inspector, Project Manager and the Architect shall be controlling and final.

2.02 Delayed Major Milestones.

In addition to the Liquidated Damages as set forth in Item 2.01 above, delay in the completion of the Work as indicated in *Item 2.01* shall be subject to the assessment of Liquidated Damages at the per day rate as indicated in item 2.01 above.

All other provisions of the Agreement shall remain unchanged.

IN WITNESS WHEREOF this First Amendment to Agreement is entered into this 6th day of September, 2005.

CITY OF MANHATTAN BEACH

#### ADDENDUM TO CHANGE ORDER NO. 32

THIS ADDENDUM TO CHANGE ORDER NO. 32 ("Addendum") is entered into by and between the City of Manhattan Beach ("Owner") and Swinerton Builders ("Contractor") with respect to that certain Agreement dated December 16, 2003 ("Agreement") for the construction of the Manhattan Beach Fire & Police Facility, City Project No. 01-0195-00 (the "Project").

#### Recitals

WHEREAS, pursuant to the terms of the Agreement, the original Final Completion of Work for the Project was July 6, 2005, based upon a 514 calendar day schedule; and

WHEREAS, pursuant to the terms of Change Order No. 9, the Final Completion of Work for the Project was extended 51 calendar days to August 26, 2005, which extension consisted of 40 days of compensable time at \$3,000.00 per day and 11 days of non-compensable time, for a total payment to Contractor of \$120,000 for time extensions, delay costs, extended general conditions and additional compensation through Change Order No. 9; and

WHEREAS, since the finalization of Change Order No. 9, there have been several change orders issued for which the Owner and Contractor have agreed upon change order pricing but have been unable to resolve Contractor requests for time extensions and compensation for delay costs, extended general conditions and/or additional compensation (the "Disputed Claims"), resulting in written reservations of rights by the Contractor in connection with the execution of Change Order Nos. 13-31, inclusive (the "Reservation of Rights"); and

WHEREAS, the Owner and Contractor have now reached a compromise agreement as to the Disputed Claims and all change orders prior to this Addendum, such that the Reservation of Rights may be resolved and waived by Contractor; and

WHEREAS, the Owner and Contractor desire to amend the Agreement concurrently with this Addendum to clarify Substantial Completion of Work, Final Completion of Work and Liquidated Damages for purposes of the future administration of the Agreement.

In consideration of the foregoing recitals and the mutual terms, covenants and conditions set forth in this Change Order No. 32, the Owner and Contractor agree as follows:

1. <u>Defined Terms</u>: Capitalized terms used in this Addendum shall have the same meaning as set forth in the Agreement, as amended.

2. <u>First Amendment to Agreement</u>: A condition precedent to the effectiveness of Change Order No. 32 and this Addendum is the execution of the First Amendment to Agreement by the Owner and Contractor.

3. <u>Compensable Time Extension</u>: Due to Project delays attributable to, among other things, Owner requested changes to the Contractor's scope of work, and circumstances beyond the Contractor's reasonable control, the Final Completion of Work for the Project is extended 37 calendar days (the "Compensable Time Extension"). The Owner shall pay to Contractor the sum of \$160,025.00, calculated as 37 compensable days multiplied by \$4,325.00 per day. The Contractor's justification of \$4,325.00 per day is attached to this Addendum as Exhibit "A" and approved by Owner.

4. <u>Non-Compensable Time Extension</u>: Due to Project delays attributable to circumstances contemplated in the Agreement, the Substantial Completion of Work for the Project is extended 29 calendar days (the "Non-Compensable Time Extension"). Contractor hereby waives any and all right to delay costs, time extensions, extended general conditions, additional compensation and/or other claims with respect to the Non-Compensable Time Extension.

5. <u>Total Time Extension and Revised Schedule</u>: The Compensable Time Extension and Non-Compensable Time Extension shall extend the Substantial Completion of Work for the Project a total of 66 calendar days. Substantial Completion of Work shall now be October 31, 2005 and Final Completion of Work shall now December 31, 2005. Attached as Exhibit "B" to Change Order No. 32 and this Addendum is an updated cost loaded CPM schedule, prepared by Contractor and approved by Owner, showing construction progress to-date, remaining activities, and the modified dates of Substantial Completion of Work and Final Completion of Work.

6. Settlement and Release of Disputed Claims: The Owner and Contractor acknowledge and agree that the First Amendment to Agreement, Change Order No. 32 and this Addendum represent the compromise of disputed claims asserted by Contractor with respect to time extensions, delay costs, extended general conditions, additional compensation and other matters arising under the Agreement prior to the date of this Change Order No. 32 and Addendum. Nothing herein shall be construed as an admission of liability or fault by Owner or Contractor. Contractor hereby releases, remises and forever discharges the Owner, and its City Council members, employees, officers, agents (including Vanir Construction Management, Inc.), representatives and attorneys from any and all claims, demands, actions, causes of action, obligations, costs, expenses, attorneys' fees, expert and consultant fees, damages, losses and liabilities of any kind or nature, whether known or unknown, accrued or unaccrued, suspected or unsuspected, arising out of or in any way related to the Disputed Claims by Swinerton Builders, its subcontractors and suppliers, the Reservation of Rights, the Compensable Time Extension, the Non-Compensable Time Extension and all Project matters arising under the Agreement prior to the effective date of this Addendum, except as expressly reserved by Contractor in Paragraph 7 herein below. Consistent with the foregoing, Contractor's Reservation of Rights with respect to Change Order Nos. 13-28, inclusive, are hereby waived and of no further force and effect. With respect to the matters released by this Agreement, Contractor expressly waives and relinquishes any and all rights and benefits which Contractor may have under California Civil Code Section 1542 which provides as follows:

> "A general release does not extend to claims which the creditor does not know or suspect to exist in his favor at the time of executing this release, which if known by him must have materially affected his settlement with the debtor."

7. <u>Contractor Reservation of Rights</u>: Notwithstanding the release in Paragraph 6 hereinabove, Contractor hereby reserves any and all rights and remedies it may have with respect to the matters set forth in Exhibit "B" (Updated Cost Loaded CPM Schedule) to this Change Order No. 32 and Addendum.

8. <u>Effective Date</u>: Except as otherwise provided in Paragraph 2 hereinabove, Change Order No. 32 and this Addendum shall be effective upon execution and delivery of counterpart signatures by the Owner and Contractor.

The Owner and Contractor have executed this Addendum to Change Order No. 32 as of the date set forth below.
