Michael Aguilar is an LA Native and Co-Founder of MYM Organics

--a high-end lifestyle brand that creates organic, unisex garments, made sustainably with natural dyes, organic textiles and hand embroidery. In this workshop, Michael will walk you through the process he uses to create designs with organic dyes that are derived from plants. Next, you will take part in the design process utilizing screen printing techniques to make your own custom t-shirt. Channel your creative side as we experiment with design and style. We will be dying with saturated colors, so please wear clothes you do not mind getting dye on. Also, screen printing images are all MYM Organics images-- you will not be able to design your own graphic in this workshop.

POP-UP SHOP MYM Organics - *Fashion with a conscious. Style with a meaning. Art with a message.* Eco-friendly and ethically made in Los Angeles/Hueyapan. Shop the curated art wear by MYM Organics at the Manhattan Beach Art Center. The pop-up shop will be open during the Indigo Dye and Tea workshop.
