**Received:**

Monica Myrtle resident of Ocean Drive. First of all, I want to thank you for your City of Manhattan Beach daily situation report, it's very helpful. I wanted just to comment on the congestion on Ocean Drive. Not only do I think it's a safety issue but it's so many people if we are talking about not spreading the virus. I had a thought, maybe if the City Council would encourage people through this daily situation report to encourage people to walk in their own neighborhoods and spread out the congestion a little bit. Safe to be safer for the bikers, it's hard to believe that nobody is getting a view on Ocean Drive anymore. There is no reason to be on Ocean Drive. So that's my suggestion, let's walk in our own neighborhoods. Thank you.
