Please open the city swimming pools for controlled swimming and exercise. The cdc has stated that covid can't be transmitted thru a maintained pool and the level of new cases of covid in our community has been close to zero for a few weeks. It is easy to control pool swimming and access and tracking and tracing If need be. This combined with the extremely low rate of covid In our community makes swimming the perfect exercise. Please open our pools for exercise.

PLEASE open up downtown MB stores now. Merchants are ready to do it, safely and responsibly! They do not have time to wait for Governor Newsom's response to your letter. TIME is of the essence! Orange County, Attwater, and Riverside Counties have done it, so can WE! Patricia and Bob Lane

Measures should be taken to reduce COVID-19 restrictions. The bike path should be reopened and numerous restrictions should be eliminated such as no sun bathing on the beach, the requirement to wear face masks on the beach, in parks and the strand which has no scientific basis for preventing contraction of the virus in open windy areas. Restaurants should be allowed to have outdoor seating so that they can safely operate and provide their employees with a source of income.

As an all active member of the South Bay community and previous Manhattan Beach resident, I strongly support the re-opening of all businesses, especially restaurants and entertainment venues asap. With their owners/managers adhering to any "practices" enabling a Covid-19-SAFE environment - indoors and outdoors, these businesses NEED to reopen. They are key to Manhattan Beach's economy and livelihood. They MAKE the MB community, its entire city a truly desired "destination location." :)

I hate to see our local business suffer too; however, I'm concerned about the ability to ensure min 6 ft distance between people on sidewalks outside the stores. Last weekend, with far less opened, there were crowds of people grouped together in DTMB and most were NOT wearing masks. This poses risk to our whole community and broader LA as people go out and about. If MB can adequately and regularly police the area, then I can support it. Thank you.

Hildy said" Employees home with kids. Kids are distance learning. These issues need to be worked out, employees who maybe getting unemployment. Do they give that up if they don't go back to work. There is a lot of different things we need to consider. I don't think that's something we can do in a couple of days." Why does this CW have an opinion on what an employee does? Why is it her business, can't employee think for herself? Hildy has a progressive agenda that she wants to enact

I support our businesses re-opening. Without our support many of our small businesses will not survive. We must find a way to Safely open them.

Agenda Item: eComments for b) Consider Directing Staff to Change Parking Regulations on a Temporary Basis.
