Subject: [EXTERNAL] Suzanne Hadley Mayoral Term

CAUTION: This Email is from an EXTERNAL source. Ensure you trust this sender before clicking on any links or attachments.

Dear Council,

I am writing to request that Mayor Pro Tem Suzanne Hadley be allowed to begin her full 9 month term as mayor on December 1st, 2020, per the Manhattan Beach City Council traditional rotation of council members.

Sincerely,
Shelly Stutz

CAUTION: This Email is from an EXTERNAL source. Ensure you trust this sender before clicking on any links or attachments.

Dear Council,

I am writing to support Mayor Pro Tem Suzanne Hadley taking her full 9 month term as mayor beginning December 1st, 2020, per the Manhattan Beach City Council traditional rotation of council members.

Sincerely,
Peter Stutz

Subject: [EXTERNAL] Mayoral Selection Rotation

CAUTION: This Email is from an EXTERNAL source. Ensure you trust this sender before clicking on any links or attachments.

Dear Council Members:

I recently learned that there is a proposal to change the 50 year tradition of rotating the City's mayoral leadership position among the sitting council members. Such a change, or even just a delay, is ill advised and unjustifiable.

I am a 23 year resident of Manhattan Beach, a corporate and governance lawyer, and I strongly oppose changing or delaying the rotation rules at the last minute. It seems rather obvious that the real reason for this change is not due to the pandemic, but is because a few people in our City (and/or a few Council Members) oppose an incoming mayor's political positions. That is an improper reason for changing the rules and process without advance notice, studying best practices, public debate, and full transparency.

If a majority of the Council ultimately thinks the rotation methodology should be changed for legitimate governance reasons (not political ones or not to punish or suppress a perceived political opponent they disagree with), then there are many steps that must occur first. For example—the council should thoroughly analyze best governance practices and the pros and cons of different methods of selecting a mayor (such as making the Mayoral role a standalone elected position). Any proposal to change the selection method should be added to a future agenda, set out months in advance in a transparent way with adequate public forums allowing citizens to weigh in on such a major change. The Council Members should not change or delay a planned rotation at this time, until they have given notice to and heard from a representative group of residents in multiple public hearings.

Instead of a being a thoughtful and appropriate re-examination of the City's governance process, this 11th hour proposal appears to be a blatant political move, unjustified, unrepresentative of the community's opinions, and based on the flimsiest of excuses to me. At worst--it seems to be a rather clumsy power grab and an attempt to suppress diverse opinions. At best, it is incompetent to do without thorough debate.

If this fair and longstanding precedent is broken, then the Council needs to be prepared for the future consequences of such an ill-conceived, divisive action. Similar objections to future rotations are sure to be made by some faction or another for virtually any council member in line to lead the City. Until you are prepared to change the entire mayoral selection process, and have gone through the full set of mandated procedures to make such a change permanent and to apply the change to all future Council Members, you should not take any action to delay the current process or rotation of the incoming mayor at this time.

Sincerely,

Jay Gabriel

MB Resident

CAUTION: This Email is from an EXTERNAL source. Ensure you trust this sender before clicking on any links or attachments.

my name is ned momary and have been a resident of manhattan beach for 55 years. i can't believe they would have the audacity to try and deny susan her time to be our mayor-----a 5 decade tradition. this is strictly a political move to deny a council member their position because they might disagree with there political views-----i am looking forward to seeing susan as our new mayor-----i would say more except i would probably be censored.

Dear Honorable Members of the Manhattan Beach City Council,

I have lived my entire life in Manhattan Beach. I love this city. I would be disappointed if you allow City Council Member Suzanne Hadley to become Mayor at tonight's meeting. These are extraordinary times that require you to take the extraordinary step of changing the Mayoral rotation.

My opposition to Councilmember Hadley is not personal or political; it is one of common sense and from the point of view of someone who is concerned for the safety of Manhattan Beach residents. It concerns me to see Councilmember Hadley let personal political ideology drive her decision making. Our City Council is nonpartisan by design, our leader should be listening to public health experts not political pundits in making decisions of what is best for our city.

It disappoints me to see Councilmember Hadley make such reckless comments denying the severity of this pandemic that has taken the lives of over 269K Americans. We need a Mayor who will listen to experts. We need a leader that we can trust. We need a leader with the measured leadership skills to balance protecting our local business and public health safety. I do not believe Councilmember Hadley has demonstrated this skill.

While this all may seem unprecedented it is not. Unlike in New York 2001 and then-Mayor Giuliani's term extension proposal after the September 11th attacks, you would not be delaying an election. Our current rotational system is simply "[past practice](#)"; it is not set in stone. I urge the City Council to not be burdened by what has been and to have the courage to do what is right for our city. Furthermore, I believe this debate has

demonstrated that the council needs to codify into law our rotational Mayoral system. If we believe this traditional practice should be set in stone then we should make it law.

For the immediate term, I urge City Council to retain Mayor Montgomery as our Mayor and lead us through this crisis. We deserve consistency in leadership and a leader we can trust to lead us out this unprecedented time.

Thank You,
Courtney Burke

Subject: [EXTERNAL] Consideration of Granting Hardship Exemptions to Tobacco Retailers Requesting Additional Time to Comply with Ordinance No. 20-0007 Which Prohibits the Retail Sale of Tobacco Products
Attachments: Manhattan Beach Delay Letter.docx.pdf

CAUTION: This Email is from an EXTERNAL source. Ensure you trust this sender before clicking on any links or attachments.

Members of the Manhattan Beach City Council,

The California Fuels and Convenience Alliance (CFCA) represents nearly 90% of all the independent petroleum marketers in the state and about one-half of the state's 12,000 service stations. Our members are small, family- and minority-owned businesses that provide services to nearly every family in California. Additionally, CFCA members fuel local governments, law enforcement, city and county fire departments, ambulances/emergency vehicles, school district bus fleets, construction firms, marinas, public and private transit companies, hospital emergency generators, trucking fleets, independent fuel retailers (small chains and mom-and-pop gas stations) and California agriculture, among many others. CFCA appreciates the opportunity to provide comment on this proposal.

We sincerely appreciate the consideration by the council to delay the implementation of its flavored tobacco retail ban. We strongly support any relief that you are able to provide to these small businesses during this incredibly arduous time. CFCA does, however, request that the city go one step further than granting extensions to those businesses that have submitted applications. Requiring a hardship application is regressive and will ensure only English speaking, corporate sided business with proper legal support will be able to apply.

CFCA requests the city enact a blanket hardship exemption based on the current status of the pandemic and its lack of foreseeable resolution. LA County is struggling, in particular, due to its recent stay-at-home order. We ask that you consider all small businesses in this category and recognize they are all currently struggling financially as a result of the ongoing crisis.

Moreover, this move by the city indicates an understanding that these products are vital revenue sources for these stores, and they should not be forced off of shelves until the COVID-19 pandemic is no longer a public health threat that continues to destroy small businesses.

Thank you for your consideration, and if you have any further questions, please contact James Allison at james@cfca.energy or (916) 646-5999. I have also attached a pdf copy of this letter in this email for the record.

Respectfully,

James Allison

To: List - City Council
Subject: [EXTERNAL] Tonight's Meeting

CAUTION: This Email is from an EXTERNAL source. Ensure you trust this sender before clicking on any links or attachments.

Members of Manhattan Beach City Council,

It had been brought to my attention that Item 11 on tonight's Agenda is a discussion of how the City Council might stop or delay the transfer of mayoral responsibilities from Mayor Montgomery to Mayor Pro Tem Hadley. That this subject has been raised is of great concern. There is a process in place that has served the community well for over 50 years. We shouldn't have to write in support of the process or in support of the duly elected Mayor Pro Tem because some members of City Council don't like her views.

Changing the process would open up a can of worms that might not favor those who are pushing this discussion. If we were to review the Mayor Pro Tem each nine months to see if he/she were worthy, it would be very disruptive and create political division unnecessarily. The fact that it's Mayor Pro Tem Hadley turn doesn't change the process. Should we have this discussion when council members with conservative views are up for Mayor, but not progressives??? How will we define who is worthy and who isn't. If it's by vote count, again, this discussion might not favor those raising the issue.

Mayor Pro Tem Hadley speaks for a significant portion of Manhattan Beach and she does it extremely well. Obviously she doesn't speak for everyone. That's why there are five of you. Having the constituents represented by duly elected representatives (possibly and hopefully with differing views) is what makes a democracy work. Let's keep it that way.

Please eliminate Item 11 for tonight's Agenda.

Thank you for your time and attention.

Manhattan Beach City Council Meeting Dec. 1, 2020 City Council Reorganization: History and Discussion of Mayoral Rotation

Mayor Suzanne Hadley - Fight On by Robert Bush

I have read all the comments about the 50 year tradition of nonpartisan rotation of mayors every 9 months and Mayor Suzanne Hadley on the City website and this one by Robert Nickell is the best. Please read it.

From: Robert Nickell Sent: Monday, November 23, 2020 11:20 AM To: Nancy Hersman Cc: List - City Council; Robert Nickell Subject: [EXTERNAL] RE: Your suggestion to defer Mayor transition for 6 months

CAUTION: This Email is from an EXTERNAL source. Ensure you trust this sender before clicking on any links or attachments.

Nancy, I respectfully appreciate your response. However, your logic seems flawed for the following 4 reasons: 1. If just "some" residents made a request that could basically upset a 50-year tradition, seems to me to be a significant request, and not a casual issue to consider. I am also a resident, and I am wondering how many residents it takes to become a quantity of "some"? I am asking for you to NOT consider this issue at the 11th

hour, and if the council wants to debate the issue and allow public input, and proper procedure for creating and implementing something new for future transitions, or future situations, then by all means that would be appropriate. 2. Your suggestion of a delay of 6-months is not grounded in logic whatsoever. I believe you are stating that Mayor Montgomery has missed out on many wonderful happenings in MB and that he should be allowed another chance to oversee them? I like Richard and he is a good guy, I believe he has also been Mayor of MB in the past and has enjoyed these experiences. However, if your logic is to be believed, 6-

months would be May of 2021. Well, Hometown Fair, Pumpkin Races, Fireworks, AVP and the like, happen after the month of May. So, I may not be comprehending exactly what you

are trying to say within that paragraph. 3.

I also respectfully disagree with your reasoning of not making a change in a “time of crisis”. In my opinion I do not see any reason why Mayor Pro Tem Hadley could not be up to speed within days, and frankly that should be her decision to make. As far as communicating with State and Local government I am not sure at this juncture that the City of MB has any real say over the County and State. Our schools are closed, our downtown businesses are being decimated with the closures of the restaurants, and so on. 4.

Your final statement that the City of MB staff is working 7-days a week, seems slightly unfathomable, are you sure that is correct? And if so, how many months has this staff been working 7-days a week? I urge you to table this issue, and bring it up again under normal business. I urge you to vote in favor of Mayor Pro Tem Hadley taking her position on December 1.

Sincerely Robert P. Nickell

Subject: [EXTERNAL] Transition to Mayor

CAUTION: This Email is from an EXTERNAL source. Ensure you trust this sender before clicking on any links or attachments.

Dear Council,

I have lived in Manhattan Beach ever since I was in pre-school. Since that time it has been a tradition to transfer the mayoral responsibilities at the end of the current mayor's cycle. The current transfer should now go to Pro Tem Mayor Hadley at it is her turn to be Mayor. There is no good cause or excuse for Ms. Hadley to not be Mayor as she is our duly elected City council member. To allow a few dissident voices, most of whom are not even Manhattan Beach residents, to overturn decades of tradition, would be a travesty. On behalf of many of my fellow residents, I urge the Council to not be persuaded by the small vocal minority who are trying to politicize something that should not be.

I hope you all do the right thing and allow the normal transfer of mayoral responsibilities to take place or face similar disruptions in traditions and policy in the coming years.

Thank you

Subject: [EXTERNAL] Suzanne Hadley Mayoral Service Term

CAUTION: This Email is from an EXTERNAL source. Ensure you trust this sender before clicking on any links or attachments.

MB City Council,

I implore you to continue with our City's history of rotating the Mayoral responsibilities among the elected Councilman. To deny Suzanne Hadley's term as scheduled to placate those who do not agree with her views effectively discounts the votes of your citizens that supported her during the election and removes democracy from our Republic. The right course of action is to continue on as promised and serve those to whom you promised leadership and accountability. Changing the rules does not serve your constituents and opens pandora's box to partisan politics that will not serve our beautiful City of Manhattan Beach properly.

Best Regards,

Tony Barberi

Subject: [EXTERNAL] Opposing Council member Hadley's Mayoral Confirmation

CAUTION: This Email is from an EXTERNAL source. Ensure you trust this sender before clicking on any links or attachments.

Dear Councilmembers Hersman and Stern,

I recently read some of the submitted emails and public comments made regarding potentially extending Mayor Montgomery's mayoral term/potentially reorganizing the transition of the mayor's office to Mayor Pro Tem Hadley. Many comments appeared to be coming from older residents of Manhattan Beach who opposed potentially delaying the confirmation of Councilmember Hadley as mayor (and in the process many have unfortunately and unfairly attacked you both).

I just wanted to write to you both to express my support and gratitude that this issue of confirming Councilmember Hadley as mayor was brought to the Council and made an agenda item. **There are many people, particularly the younger residents of Manhattan Beach, who are very concerned at Hadley's leadership.** I personally have been deeply disappointed by her public actions as well as my email correspondence with her on a number of issues, including her response to COVID-19, systemic racism in Manhattan Beach, and the reopening of MBUSD schools. This I'm sure you all know.

Many residents in their public comment proclaim they have been an MB resident of x years. The truth is I am 21 years old and a resident of Manhattan Beach for 21 years, a length of residency that is approaching, if not exceeding, many public commenters who so vehemently support the confirmation of Councilmember Hadley. **I write to you so that you know there are indeed many people like myself, who have resided here just as long as many other residents -- who appreciate that this was brought to the council and many who also oppose the confirmation of Councilmember Hadley as mayor.**

There is no need to respond, but after reading the public comments I felt compelled to speak up for the many former MBUSD students & concerned parents who I know feel similarly.

Best,
Katherine Elias

Manhattan Beach City Councilmembers,

I am now approaching my fourth year as a Manhattan Beach resident, and every year I find out more and more racist policies and people are running this town. As you have been seeing by many members of the Manhattan Beach community, Susan Hadley is unfit to fill a leadership role in our town. Manhattan Beach still has a racist image to the rest of our California residents. By letting racist council members take on the role of mayor we are continuing to make clear that this is a white town, for whites only.

Besides the numerous racist remarks she is on record saying, she also continues to downplay a deadly pandemic that mostly affects marginalised members of the community. Anyone who declares Covid-19 not a threat, clearly does not care about the lives of people of color, as they are the ones dying in the largest numbers.

Leaders need to care for ALL residents, not just white ones.

I am including quoted text in this email, in case you need to continue to read more reasons why Hadley is unfit for the Mayoral position.

Thank you for your time, and I hope you consider the voices and lives of all of us residents,

Sara Peterson

“What Hadley dismisses as “gaffes” and “unvarnished positions” in fact reflect a pattern of behavior that will continue if she is appointed mayor and will reflect abysmally on Manhattan Beach. Her comments about Covid this spring were so despicable that Mayor Montgomery felt the need to clarify that “the comment Mayor Pro Tem Suzanne Hadley made on MSNBC today is NOT a reflection of how I feel as Mayor of Manhattan Beach, nor does it reflect how the entire City Council feels on this subject.” It is abundantly clear that those comments were not isolated. She has continued to make equally dismissive comments throughout the pandemic, both in City Council meetings and online, including in saying “all lives matter—not just Covid lives,” a

disgusting and baffling way to address a pandemic that has become the third leading cause of death in the United States in the year since it emerged. I am sure you too remember that Hadley fought strenuously against the mask mandate and fought to carve out nonsense exceptions, e.g. spouses—as though spouses walking together would somehow be immune from encountering another person and catching the virus.

Moreover, she has abused her platform as a City Councilmember—School Board member Karen Komatinsky even said “Council member Hadley has continued to use her City leadership role in a less than collaborative spirit on behalf of the School District through her social media presence and commentary.” (See https://urldefense.com/v3/___https://patch.com/california/manhattanbeach/manhattan-beach-rally-open-schools-sports-stirs-reactions__;!!AxJhxnnVZ8w!bpcrLNUssQnkinr3U47jV6j6M3v9qknQYrF4RLj4XT8MweVXLIHbnij3R5jGm5UXFvA\$.) In addition to her reckless push to reopen schools against the best advice of public health experts, Hadley has likewise not displayed leadership by modeling the behavior public health experts are requesting of us. Over the summer, she publicly posted about her vacation, in which she flew to the other side of the country and attended a large family gathering that brought together multiple households, violating just about every recommendation our public health experts have offered. Just a few weeks ago, she publicly shared that she is planning to fly to Florida, an epicenter of the pandemic, this winter to go to Disney World, again apparently bringing together multiple households. In a position that Hadley herself has admitted is largely symbolic, why would we select someone who can’t even model good behavior for the community themselves?

Hadley’s record on race is also horrendous, and at a moment when we’re in the national news often for the horrors of Bruce’s Beach, do we really want to double down on our racist past by appointing a figurehead who retweeted a crude racist joke about Black people and Kool-Aid? Not only did Hadley have the poor judgement to share the tweet in the first place, she also said nothing and left it up for months after multiple residents publicly called attention to it in a public forum she was attending. In fact, she only seems to have taken down her Twitter account now that residents are calling for her not to be appointed mayor—but hiding her racism doesn’t change it, and she clearly only removed it out of self-interest, not genuine remorse.

In her pitch to retain her rotation as mayor, Hadley wrote in the MB Patch that she should be appointed mayor because of her “Midwest values.” I know there’s a lot of weight placed on Midwestern values in national politics, but this is City Council. Manhattan Beach is not the Midwest. I want a mayor who shares my pride in Californian values, like justice, equality, empathy—none of which seem to be included in what Hadley considers to be her Midwestern values given her behavior and rhetoric. All too often, California falls short of enacting those values, and people like Suzanne Hadley are no small part of the reason why. We cannot afford to have Hadley as our representative to the world. We can and we must do better.”

Please do the right thing for our city and do not vote to appoint Suzanne Hadley as our next mayor. Thank you.

CAUTION: This Email is from an EXTERNAL source. Ensure you trust this sender before clicking on any links or attachments.

Dear City Council Members,

Regarding the upcoming discussion regarding the City's next Mayor, please observe how the discussion alone is causing further division and angst in our community. This is what Mrs. Hadley brings. This is her hallmark. It is also the reason that confirming her as Mayor at this time is the wrong choice.

To those who would cite tradition as a reason for making Ms. Hadley mayor, or those who claim it is her "turn," I urge you not to abdicate your responsibility to the residents of this city by using such thin and superficial reasoning. To continue a status quo that has a high probability of inflicting greater strife on our city is, I would argue, violative of your duty to all residents and to the greater good of the City. No city council member has a "right" to become mayor, and to the extent that is an element of the discussion at all, it serves only to highlight the skewed perspective that some are using to assess this situation. Your primary, and I would argue sole, fiduciary duty is to the residents of this city, not to the expectation one of your number may have. Regarding adherence to tradition as a precedence in this time, open your eyes. None of us are living in that world any more. Clinging to tradition as a justification for this choice, consequences be damned, is shortsighted and belies the intelligence I know you all have.

Mr Napolitano, I read the news article where you expressed your views on this matter. To you in particular I would say that you are in error when you claim that those who do not believe Mrs. Hadley should be mayor are the same ones calling for her to be removed from the Council (and, by implication, that therefore those voices matter less or can be disregarded). While I am sure there is some overlap, you work an injustice by concluding there is a near-complete alignment between those populations. You are making an assumption based on anecdotal evidence. Even if that assumption is correct, the implication is that therefore those residents' concerns are of lesser value in your estimation. I find that logic to be deeply troubling, and painfully dismissive. This choice matters, and as someone who voted for you, I expected more from you. I expected you to

take this seriously, respect the pain that Ms. Hadley's recent positions and statements have caused, and do right by your City whose residents deserve peace, thoughtful leadership, and elevated ethics. Mrs. Hadley has repeatedly shown herself to be incapable of these most basic traits of good leadership. And while I appreciate that you reached out to Mrs. Hadley and informed her of the error of her ways, the fact that you had to do so at all proves my point. She does not, on her own, display maturity of thought, an ability to intelligently assess the correct path forward in a non-partisan and empathetic way, or even a capability for the most basic skills one would need as Mayor: a capacity for meaningful self reflection and ability to think beyond one's own needs and opinions to consider something larger than one's self. I respect that as a colleague you attempted to reach out to her and save her from herself, but as a representative of the residents of Manhattan Beach, it is your job to put our needs over the hope you may have that Mrs. Hadley is capable of evolving into a more balanced leader some day.

The simple fact is - by her own admission regarding the error she made in wading into the issue of opening schools, a matter wherein she held no authority and, thanks to her incendiary tactics, only succeeded in making the situation worse for our Board of Trustees - right now, in this very moment in time, Mrs. Hadley has shown both through her hurtful words and harmful actions specifically relating to Covid-19, that she is not qualified to represent our city as Mayor at this time. She did not make these particular bad choices years ago, or even months ago. Instead, mere weeks and days have elapsed since her last, self-admitted, error in judgement. And while you all may be inclined to forgive her on a personal level and work to better her divisive tendencies, it can hardly be said that sufficient time has been afforded for true learning and deep reflection. By both current words and deeds contemporaneous with this decision you are making, she has instead proven the opposite - that she still has not become the leader we need right now.

I urge you all to see that this is a precipice moment, and to put your City and its residents first. Doing so mandates one outcome: that Mrs. Hadley not be made Mayor at this time.

Thank you for reading and considering my perspective.

Andrea Custer

Hello City Council,

My name is Jonathan Packer and I am a Manhattan Beach resident. I oppose Suzanne Hadley for mayor. She undermined trust in City government during this pandemic. She denied reality and minimized the loss that over 250,000 Americans have experienced. She has continually used her platform inappropriately to foment criticism of MBUSD and the process of reopening schools, with little regard for teacher, student, or administrator safety. She publicly, during a council meeting, repeated unfounded allegations about our MBUSD teachers. She opposes utilizing concrete policing data and has actively worked against racial justice in our City.

She DOES NOT represent Manhattan Beach. She represents divisiveness, lack of cooperation, and denial of science. She has proven that she does not possess the leadership qualities that we need during this crisis.

I urge you to vote against Councilmember Hadley for mayor.

Thank you.

I am saddened to hear that there is discussion to delay the traditional transfer of the Mayoral responsibilities. I am grateful for the significant impact Mayor Montgomery has during his rotation in light of the sweeping changes during the virus. He should be thanked for that. You suggest that in six months we will get through this and Suzanne Hadley may begin a full rotation. Respectfully, we do not know what the next six months holds. Now more that ever lets be consistent in our policy.

The virus will be with us indefinitely. A mayoral rotation should not be.

Best,

Susan Douglas

Winter is coming, and by Christmas it is quite possible that every single ICU bed in this state will be occupied. Mrs. Hadley is on record advocating letting COVID-19 burn through our schools and neighborhoods in order to achieve the false notion of "herd immunity" a theory that after being infected with COVID-19, that individual will be immune, and thus a viral fire wall. This has been proven wrong. Patients have died from COVID-19 after being reinfected.

She and her like minded cohorts dismiss COVID-19's 1-2% mortality rate as nothing more than "the cost of doing business". Children die from this disease. Teens and young adults die from this disease. We more mature adults die in droves from this disease.

We have a viral freight train barreling straight at every single MB home, from the strand to the village, and it's impossible to get everyone off the tracks. The best we can do is follow the CDC guidelines, and hope that this pestilence bypasses our own doorways.

Look the family members in your household, and bare in mind that they are the hard asset cost of Suzanne, and her supporting cadre of local business owners, "doing business".

How anyone could support her or those of her ilk, is beyond me.

Dear Council Members,

I voted for you to uphold the standard Manhattan Beach protocol in transferring the mayoral responsibilities to Suzanne Hadley per its (normal) scheduled timeline. This is ridiculous to make things up as we go along and decide that we want to now deviate from this. There is **ZERO** reason not to instill her as mayor. The two of you (Hersman & Stern) that are pushing this off is a glaring reminder of how you are serving only your partisan political views. She was elected by the MB electorate, *for whom you serve*, and should not be denied her right to serve - just like everyone else has before her who have been ELECTED to this office!!!

Thank you,

Mike Mulcahy

Hi Richard, Steve, Nancy, and Hildy,

I hope you all had a relaxing and safe holiday. I met Suzanne Hadley years ago through our daughters, who are good friends. Suzanne and I do not agree on every issue. Apparently, certain members of the community do not agree with her on various issues as well. I think these differences of opinion are healthy and good and do not disqualify her from serving as our Mayor. Suzanne is dedicated to Manhattan Beach and I truly believe will work hard for our City. I look forward to working with her as I take on my new responsibilities as a Trustee of the Manhattan Beach School Board. I support the 50-year tradition of mayoral rotations in our City and hope you will honor that tradition with your vote tonight.

Warm regards,
Cathey
