Thank you for your leadership & for your for your continuing support for MBUSD to open schools & request that you go above advocate children across So. Cal. We need to ask questions & demand answers like why are homeless 65+ are receiving vaccines & teachers are not prioritized? When will ALL teachers have access to

vaccines, they are essential workers. Please continue to be creative & think outside the box to get ALL students back on campus AND to keep them there. Education is essential.

Individually and as the representative of the Downtown Residents Group, I oppose the street closures on Manhattan Avenue. This past weekend was a complete disaster, with loss of ingress and egress to residences and danger exiting garages,, up to half hour times to get from residences to where the traffic congestion eased, dangerous conditions for emergency vehicles, etc. Everyone has been bending over backwards to help the restaurants, but this is simply a harmful, imbalanced line too far.

Agenda Item: eComments for 7. 21-0002

Consideration of a Resolution Approving the Purchase of Proposition "A" Local Return Funds from the City of Lancaster (Finance Director Charelian and Parks and Recreation Director Leyman).

I note that this transaction is needed because Measure R monies are being used for street surfacing (i.e. "Public Works Transportation Projects"). To me, Measure R was passed for incremental new transit projects (and I don't mean cosmetic bridge widening). The Measure R money s/b used for an intracity transit (bus/trolley/shuttle) system. I also do not think any transit money is best spent on "recreational bus trips." Although, still looking forward to dual turn lanes on PCH/MBB!

If the concept is to reinforce that BB Task Force members should comply with the City's policies on civility and decorum during TF meetings, then why does this need to be addressed? If there is a suggestion that the T.F. is to be exempt from such compliance, I am mystified why that would be suggested. A more meaningful agenda description is necessary. This TF is a focus for many residents. Please be specific when describing TF topics on the council's agenda, to insure we are fully informed.

It would be helpful for the community to know what is going on at these meetings that would require a review of decorum and civility.

It would also be good to hear a monthly update on the progress of the task force regarding the mandate the task force was given as I understand it: To rework the plaque at the park and to create public art. I have seen a "Resolution of Apology" supposedly created by this task force that I find totally unacceptable that does not conform to the mandate given.
