Peck Reservoir Replacement Project

Southern California Edison will remove two (2) existing utility poles, overhead powerlines and transformers from the Peck Reservoir site on Wednesday, March 3<sup>rd</sup> beginning at 8:00 p.m. and concluding at 7:00 a.m. Thursday, March 4<sup>th</sup>.

This work is being done by Southern California Edison in support of the Peck Reservoir Replacement Project.

### Impacts

- No parking will be posted on Peck Avenue between MBUSD property to 19<sup>th</sup> Street from 8:00 p.m. Wednesday, March 3<sup>rd</sup> through Thursday, March 4<sup>th</sup> at 7:00 a.m.
- Southern California Edison will provide notification in advance of work if there are any anticipated power outage impacts to the neighborhood.

### Background

The new reservoir facility necessitates the removal of the existing overhead electrical utility powerline connections. Undergrounding of the new electrical utility service will take place at a future date.
