

SCE HAS SCHEDULED OUTAGE WORK IN YOUR AREA

SCHEDULED CRITICAL POWER OUTAGE NOTIFICATION

*Su servicio eléctrico será interrumpido
temporalmente.*

**OUTAGE # 1149065
WILL OCCUR FROM
11:00 PM WEDNESDAY
MARCH 03, 2021
TO
6:00 AM THURSDAY
MARCH 04, 2021 ***

Dear Valued Customer: We will be performing critical work on the electrical system in your area that will cause the power to be out temporarily. We must go forward with work necessary to protect public safety including reducing wildfire risk, even during this unprecedented COVID-19 situation. While non-critical work is being postponed, delaying this critical work could inadvertently create larger and more dangerous risks. We will do our best to minimize the length of time you are without power. Due to the nature of the work, our crew members are sometimes unable to maintain physical distancing while making repairs and work together as a pod to minimize exposure with other workers. If you see our crew members in your neighborhood, please do not approach them and stay at least 6 feet away for safety. If crew members need to get in touch with you, they will call you or knock on your door. Please be assured that the safety of our workforce, our customers and the public remain our top priority

***About scheduled time:** Times are estimates. Power outages may not begin or end at the stated times. Please be aware that your power may be turned on and off again more than once during the outage period.

How to Prepare: To lessen the impact of an outage on your home or business, please follow these tips:

- ✓ If you or someone in your household depends on electrically-operated life support or mobility equipment, you should be prepared at all times with a back-up power system or other plan to ensure your own health and safety during outages.
- ✓ Make sure food stays as cold as possible by keeping refrigerator and freezer doors closed and placing blocks of ice inside. For more information, visit sce.com/foodsafety.
- ✓ To prevent loss of data and/or damage to your equipment, be sure to shut off or disconnect all sensitive electronic equipment (i.e. computers and fax machines) before the outage begins.
- ✓ Learn how to manually open security gates and garage doors.
- ✓ This outage will affect your alarm systems and may affect private phone systems. Please alert security companies of this outage.
- ✓ If you plan to operate an emergency generator, please notify SCE before the outage so we can protect our employees from electrical back feed.
- ✓ For business customers, if you do not have a backup power supply, rent a portable one if needed.

For more information: Please visit sce.com/outage or call **1-888-759-6056** and reference outage number **1149065**. Customers that use TTY equipment may call 1-800-352-8580.

Estimado Cliente: Estaremos realizando trabajo fundamental en el sistema electrónico en su área, que causará apagones temporalmente. Tenemos que seguir adelante con el trabajo necesario para proteger la seguridad pública, incluyendo el riesgo de incendios, incluso durante la situación del coronavirus (COVID-19). Aunque el trabajo que no es crítico será pospuesto, demorando trabajo fundamental puede inadvertidamente crear mayor y más peligrosos riesgos. Haremos todo lo posible para reducir el tiempo que este sin electricidad. Debido a la naturaleza del trabajo, nuestros técnicos en ocasiones no podrán mantener distancia adecuada entre sí mismos mientras hacen reparaciones. Los técnicos trabajarán en sus mismos equipos diarios para reducir contacto con otros trabajadores. Si ven a nuestros técnicos en su vecindario, favor de no acercarse a ellos, mantenga por lo menos seis pies de distancia para su salud y seguridad. Si un técnico necesita comunicarse con usted, el técnico le llamará por teléfono o le tocará la puerta y mantendrá su distancia. Este seguro que la seguridad de nuestra fuerza laboral, nuestros clientes y el público siguen siendo nuestra máxima prioridad.

La interrupción al servicio eléctrico podrá ocurrir durante el horario establecido para el corte programado o podrá ocurrir más de una vez. Es probable que el corte programado no comience exactamente a la hora indicada. Dependiendo de ciertas situaciones, este corte programado podrá ser cancelado o cambiado de horario.

Para más información: Si tiene alguna pregunta o desea averiguar el estado de este corte, favor de llamar al Centro de Servicio al Usuario al **1-888-759-6056** y mencionar el corte programado número **1149065**.
