COVID-19 Situation Report

APRIL 6, 2021

CURRENT INITIATIVES AND UPDATES

- **MB Library Limited Reopening** - Starting Monday, April 19, 2021, the Manhattan Beach's LA County Library will be reopening for select in-person services. Please call the library with questions. The following services will be available:
 - Browse the collection and checkout items
 - Public computer (up to one hour per customer)
 - Printing
 - Holds Pickup
 - Brief reference interactions to assist in finding materials or information
 - Free Wi-Fi

Customers are asked to follow the following safety guidelines in order to keep everyone safe:

- Maintain 6-feet of physical distance from other customers and Library staff, when in line and inside the library.
 - Wear a face covering over mouth and nose at all times.
 - Adhere to posted library capacity limits.
 - Make your visit to your library quick and efficient.
 - Follow posted directional signage.
 - Do not bring food or drink into the library.
- **2021 Summer Camp Guide** – The Manhattan Beach Parks & Recreation Department is gearing up for 2021 Summer Camps! Registration begins at 6:00 AM on Monday, May 3, for residents and on Monday, May 24, 2021, for nonresidents. Please checkout the [2021 Summer Camp Guide](#) for more information.

LATEST NUMBERS ON COVID-19

AREA	CONFIRMED CASES (CHANGE)	DEATHS (CHANGE)
United States ¹	30,596,830 (+62,878)	554,420 (+353)
California ²	3,583,830 (+1,367)	58,541 (+7)
Los Angeles County ³	1,222,778 (+406)	23,292 (+23)
Manhattan Beach ⁴	1,303 (+12)	18 (0)

The change reflects daily increases, not increases from the prior situation report.

FEDERAL, STATE, AND COUNTY UPDATES

- **LA County Health Officer Order Update** – The Health Officer Order was updated on Friday, April 2, to reflect newly permitted activities allowed in the State of California’s Orange Tier. The new order became effective on Monday, April 5 at 12:01 AM. The modifications to the Health Officer Order include the following:
 - **Bars that do not provide meals** will be allowed to open outdoors with distancing, masking and infection control safety measures. Indoor operations are not permitted. Visits are limited to 90 minutes. Masks are required except when people are eating or drinking. There can be no counter seating and people can eat or drink only when they are seated. Tables must be 8 feet apart, with a maximum of 6 people from up to 3 different households. There can be no live entertainment, television is permitted outdoors only and hours of operations are from 11:30 a.m. until 10:00 p.m.
 - **Breweries, Wineries, Distilleries that do not serve meals** can remain open outdoors and can also open indoors at 25% capacity or 100 people, whichever is fewer. These establishments will follow the same public health directives as bars for their outdoor areas, however, there are additional requirements for indoor spaces: reservations are required for indoor seating, there is a maximum of 6 people per indoor table and they must be from the same household, and there is no live entertainment or television viewing indoors.
 - **Restaurants** can increase capacity for indoor dining to 50% capacity or 200 people, whichever is less, with continued safety modifications.
 - **Places of Worship** can hold services indoors at 50% capacity.
 - **Fitness Centers** can operate indoors at 25% capacity and indoor pools can now re-open. Masks are always required except when swimming.
 - **Movie Theatres** can increase capacity to 50% or 200 people, whichever is less. Seats must be reserved, and each group must have 6 feet of distance from other groups in all directions. Eating and drinking is allowed in only designated dining areas or while in your reserved seat. Masks must be worn at all times, while not eating or drinking.
 - **Family Entertainment Centers** can open indoors at 25% capacity for distanced activities, such as bowling or escape rooms. Masks remain required.
 - **Grocery and Retail Stores** can increase capacity to 75%, although Public Health strongly recommends grocery stores remain at 50% capacity until April 15 to allow time for as many grocery store workers as possible get vaccinated.
 - **Hair Salons, Barbershops and Personal Care Services** can increase capacity to 75%. Patrons and workers are required to be masked at all times. For services that require customers to remove their masks, such as facials or electrolysis, staff must wear a fitted N95 and goggles or a mask with a face shield.
 - **Museums, Zoos and Aquariums** can be open indoors at 50% capacity.
 - **Youth and Adult Recreational Sports** can play all outdoors sports between two teams with required modifications. For events or competitions that involve more than

two teams or multiple individual or doubles competitors, event organizers must apply to Public Health for approval of the proposed athletic event, tournament or competition.

It is critical that businesses follow Health Officer Order directives and infection protocols to protect workers and customers and minimize COVID-19 spread as much as possible. The County's recovery and the safety of workers and customers depend on businesses fully implementing infection control and physical distancing requirements.

- L.A. County Daily Briefing Statistics on COVID-19** – DPH confirmed 23 recent deaths, twelve new cases in Manhattan Beach, and 406 new COVID-19 cases in [Today's Daily Report](#). To date, DPH identified 1,222,778 positive cases of COVID-19 across all areas of L.A. County and a total of 23,292 deaths. There are 568 people with COVID-19 currently hospitalized, and 25% of these people are in the ICU. Testing results are available for approximately 6,142,000 individuals, with 18% of all people testing positive. Today's daily test positivity rate is 1.5%. To view DPH's COVID-19 Daily Data, visit [lacounty.gov](#). To view Statewide case statistics and demographics, including positive cases, deaths, and testing results, visit [COVID:19 California Case Statistics](#). As part of its commitment to reduce health inequities and ensure the best outcomes for all Californians, the State has a [Health Equity Dashboard](#) that tracks California's health equity measure and data by race and ethnicity, sexual orientation, and gender identity. The Center for Disease Control and Prevention (CDC) added [County View](#) to their national COVID Data Tracker, providing case statistics by County throughout the United States.
