Please adopt the guidelines that allow children to remove their masks while playing sports outdoors. Last weekend children were having a hard time catching their breath, and with the weather getting warmer this will become more of a problem. Thank you for your consideration.

Submitting herewith my support for MBCC to adopt the new LA County guideline to allow children to remove their masks (only) while playing.

Please adopt the LAC guidance and make it optional (not mandatory) for kids to wear masks during games/activities.

If the City thinks 2 weeks of a street banner advertising last week's Sidewalk Sale is more important than a banner urging mask wearing, I question any commitment to containment. Also the lack of maintenance of the sawhorse signs on Veterans Parkway. And stop with the "face covering" references--sounds disconnected or pretentious, and people for months have understood what is meant by a "mask."

One of these days you folks might document the dollar value of savings annually by having a AAA rating as opposed to a AA rating, or any limiting access to capital that a lower rating might cause. Point being: the "gold standard" AAA rating might not be worth all that much given the efforts (and sacrifices) to sustain it.

If you folks were operating M.B. at peak efficiency, I could see you taking up this topic. You aren't, and shouldn't.

Please vote yes on a vote of no confidence! You just have to look at the spike in all levels of crime in L.A. county Or watch the various Ring Videos of the petty theft that has grown in Manhattan Beach! Recall Gascon!

I urge the Council to vote NO. As an MB resident, I along with many others elected DA Gascón in November to bring about justice reform—exactly as he is doing. Our outdated policies have only fueled incarceration and have not made our communities safer. I urge the Council to support the will of the voters and allow our communities to move into the 21st century. Vote NO.

I am in full support of the no confidence resolution regarding Los Angeles County District Attorney George Gascon. He is an anarchist and seeks to take down the judicial system of our county. The assistant DA's do not agree with his positions. The victims' families are left without the assistance of these attorneys who are no longer allowed to attend hearings.

I support resolution of no confidence in George Gascon. The Special Directives unilaterally issued by District Attorney Gascón undermine the legislative and ballot process and risk safety of the general public and are resulting in higher crime.

Public safety and George Gascon's policies cannot coexist compatibly. I'm in favor of deliberative, incremental criminal justice reform but Gascon is an agent of anarchy and his usurpation of the will of the electorate regarding Prop 25 is an untenable affront to representative democracy. We clearly cannot count on Gascon to prioritize our safety but expect you to do so. Stand with us and for us by supporting a Resolution of No Confidence in George Gascon.

Gascon was a disaster for SF, and he'll do the same here. The concept of no bail/no consequences defies the most cursory logical analysis, and we can see that crime is already skyrocketing. Get rid of this ideologue and protect the community.

Mayor Hadley seems determined to lead our city in the wrong direction. George Gascon defeated Jackie Lacey because LA County voters recognized the urgent need for progressive reform. As Lacey herself said when conceding defeat, "our nation is going through a reckoning..this election is a result of our season of discontent and a demand to see a tsunami of change."

Crime is escalating and the LA County DA is not only ineffective but dangerous. We need to continue to fight "tooth and nail" to protect our City!!!

Thanks for supporting the Gascon Recall! Sincerely, Pamela Davidson

Gascon has brought his failed "easy on criminals" policy from San Francisco to LA County and we are paying the price with increased crime and many frustrated assistant DAs. Our hard working police department must be confident that when they arrest a suspect, justice will be done according to the law..

The law-abiding residents of Manhattan Beach are being victimized by increasing property crimes from emboldened criminals, thanks to DA George Gascon's misguided policies that impose few if any consequences on non-violent criminal behavior. It's only a matter of time before that criminal activity turns violent. The entire City Council must support this agenda item for a resolution of no-confidence in Gascon, which is in line with other cities like Beverly Hills, Pico Rivera & Santa Clarita.

We as citizens of Manhattan Beach need to control our city and not let it be destroyed by progressive thought. Gascon and his policies are a problem and need to be stopped. We cannot participate in his leftist plans of letting criminals off for crimes committed.
