COVID-19 CASE COUNT

MAY 17, 2021

The City of Manhattan Beach remains committed to providing the community with critical information and updates on the COVID-19 pandemic. The COVID-19 Situation Reports are published twice-a-week on Tuesdays and Thursdays and supplements the Situation Reports with coronavirus case counts (latest numbers) on Mondays, Wednesdays, and Fridays to keep the community informed.

LATEST NUMBERS ON COVID-19

AREA	CONFIRMED CASES (CHANGE)	DEATHS (CHANGE)
United States ¹	32,771,733 (+17,724)	583,074 (+307)
California ²	3,665,904 (+995)	61,510 (+11)
Los Angeles County ³	1,237,561 (+161)	24,097 (+4)
Manhattan Beach ⁴	1,366 (+1)	18 (0)

The change reflects daily increases, not increases from the prior situation report.

COVID-19 WEEKLY UPDATE	MANHATTAN BEACH		LOS ANGELES	
	NEW CASES	NEW DEATHS	NEW CASES	NEW DEATHS
May 10 – May 16	5	0	1,760	95
May 3 – May 9	4	0	1,879	84
April 26 – May 2	6	0	2,240	142

Los Angeles County has met the threshold for the least restrictive yellow tier in the [State's Blueprint for a Safer Economy](#). Changes to the Health Officer Order took effect today, May 6, reflecting the County's move into the yellow tier allowing for increased occupancy limits across a wide range of

sectors with required safety modifications. Fitness facilities, indoor dining, cardrooms and racetracks, movie theaters, family entertainment centers, breweries, wineries, and craft distilleries can expand indoor occupancy to 50%. Bars establishments are now allowed to open for indoor services at a maximum capacity of 25% or 100 people, whichever is fewer, with no counter seating/service. Amusement parks and fairs can increase capacity to 35%, and waterparks can expand to 40% capacity. Museums and aquariums can increase indoor capacity to 75%. Outdoor live performances and events can increase occupancy to 67% of capacity, while the occupancy limits at indoor live events depend on the total capacity of each venue and the vaccination and testing status of attendees. Other sectors where capacity limits have increased include: private informal gatherings, where the occupancy limit has increased to 50% capacity or 50 people if indoors, whichever is fewer; outdoor gatherings are limited to 100 people. At community sporting events, participation is restricted to 500 people per hour and a total of 1,500 people; if everyone is vaccinated or has tested negative at an outdoor community sporting event, the capacity increases to 3000 people. Office-based businesses and workspaces should limit occupancy to 75% of capacity, unless all staff are vaccinated. Distancing and masking requirements remain in effect at worksites per CalOSHA requirements. At indoor malls, shopping centers, retail stores, hair salons, barbershops, personal care providers, libraries, and limited services, capacity remains limited to 75% to allow for at least 6 feet of distancing among staff and customers. The Health Officer Order requires other modifications across a wide range of sectors. These are modifications focused on infection control, distancing and mask wearing. At all establishments serving food or drink, masking is mandated, except when eating or drinking. Distancing between tables is also still required and counter seating and service is not allowed. Television viewing is now permitted indoors, while live entertainment along with television is permitted outdoors, and aquariums. For more information visit [County of Los Angeles Department of Public Health](#).

BLUEPRINT FOR A SAFER ECONOMY (Now that California has 2 Million People Vaccinated, to move forward toward more reopening, the Case Rate, Test Positivity, and Health Equity Metric thresholds must be met.)			
WIDESPREAD (TIER ONE) PURPLE Many non-essential indoor business operations are closed	SUBSTANTIAL (TIER TWO) RED Some non-essential indoor business operations are closed	MODERATE (TIER THREE) ORANGE Some indoor business operations are open with modifications	MINIMAL (TIER FOUR) YELLOW Most indoor business operations are open with modifications
More than 10.0 daily new cases (per 100k)	4.0 – 10.0 daily new cases (per 100k)	1.0 – 3.9 daily new cases (per 100k)	Less than 1.0 daily new case (per 100k)
More than 8.0% test positivity for entire County	5.0 – 8.0% test positivity for entire County	2.0 – 4.9% test positivity for entire County	Less than 2.0% test positivity for entire County
	Less than 8.1% positive tests for health equity quartile	Less than 5.3% positive tests for health equity quartile	Less than 2.2% positive tests for health equity quartile
