It appears that all Covid interior limitations for restaurants will end on June 15. Continuing the emergency actions to permit outdoor dining after the emergency has expired will allow total occupancy far in excess of our downtown infrastructure and capacity, as well as intensify all the related consequences of overcrowded sidewalks, traffic,

noise, trash and potential crime. Please act responsibly to maintain the unique balance and character of downtown by terminating outdoor dining 6/15.

I fully support the adoption of resolution 21-0046. Land use, zoning and housing issues should remain within local control, not dictated from Sacramento. To that end, Council and our City Manager should express support for California Constitutional Amendment 7, introduced by Assembly Member Muratsuchi, to specify that local land use regulations would prevail in the event of a conflict with State regulations.

Agenda Item: eComments for 11. 21-0178

Discussion of Fees for the Business Use of the Public Right-of-Way (Community Development Director Tai).

DISCUSS AND PROVIDE DIRECTION

If the council should continue to extend emergency outdoor dining after the removal of all indoor dining limitations effective June 15, the rate should be established s based on the current market value, as reflected in the most current lease rates for restaurants on those streets, which is many multiples of the ancient \$3/sq. ft., probably approaching \$30/sq. ft.
