I watched the brief comments of mayor pro tem Hadley on MSNBC today and was appalled. It appears that Ms. Hadley only cares about the deaths of those she knows personally. Further it appears that if the death rate is less than 50%, no big deal. Do these attitudes represent the city Council of Manhattan Beach?

Hello!

I saw the Mayor on TV today and was so embarrassed for her. She was whining about having to close the beaches, her reasoning to not do that was that she didn't know anyone with COVID. That kind of reasoning is just ignorant and why Southern California is blowing up with COVID right now. We need a new mayor. She's just too stupid and is not taking the safety of the residents seriously.

Be Best!
