Hi,

Just a note expressing my opinion (as well as many others in my local network) that we need to find creative ways to support our local restaurants. The South Bay has always been an outdoor and social community fueled by locals that enjoy dining out and the closeness we feel with the restaurant owners, chefs, bartenders, etc that all work in these establishments. We need to band together now. We need to find ways to enable some safe access for all so that we can all begin working towards a new normal.

Thanks for listening, as always, and thanks for your continued leadership thru this troubled time.

Dear City Council, please open our city businesses and the Strand before we have nothing to go back to or worse before there is civil unrest!!!

Janice Hahn and our leaders must listen!!! We must get our civil liberties back and live our lives and save our businesses.

Thank you God!!!

Please open our community sooner than later - our small businesses cannot survive an additional 2 weeks and Manhattan Beach will never be the same without them!!!

Sincerely,

To Manhattan Beach City council,

I have many issue regarding how The state of California administration is putting a blanket solution over so many different types of communities with a swipe of pen. Gavin newsonadministration not considering how it hurt so many different people. There is no analysis or rationale in his decision regarding the opening the city of mb 😞

As my neighbors and I were talking about the state of our small businesses in Manhattan Beach.

But as we talked we came to the conclusion that our small businesses will go bankruptcy before Los Angeles county decides to allows them to open.

Nothing seems to make sense.

We can't shop at our small retail stores but we can wait in line to shop at target?? The liquor stores are open and you can even buy Alcohol to go at restaurants .

Why can't we take a stand and explain the logic behind the reasoning for our city's businesses to try and open.. We've had two deaths since this locked down which I'm not belittling but out of 40,000 people.. that's .00005%

And if businesses are worried about liability then they don't have to participate.

Let's think outside the box and not wait for the County to give MB the OK.

I requested that you think about Sanctuary city.

What do you think?

These are just my thoughts.

Thank you for all you do,

Sincerely,

Audrey Ritterman Estes

To Manhattan Beach Mayor and City Council, 5/19/2020

I am an over 50 year resident of Manhattan Beach. I love this city!

I am proud how we have all come together and with helpful guidelines have produced the intended results of bending the curve and slowing down this virus. Please continue with the original proposed plans of a measured and steady RE-OPENING of our city

& county. Getting back to work and running smoothly by opening up our struggling restaurants and businesses.

Yours truly, Terry Turk
