

NATIONAL PARKS WITH JACKIE

NATIONAL PARKS OFFER EXTRAORDINARY EXPERIENCES; IT'S NOT ALWAYS POSSIBLE TO GET TO A PARK.

TAKE A VIRTUAL TOUR WITH US THROUGH ZOOM AND SEE THE GLORY, HEAR NATURE SOUNDS, DISCUSS THE JOURNEY.

The Everglades is comprised of swamps and marshes, forest and islands, and an endless supply of water.

Despite being bigger than Delaware, only a few hundred people live there. The rest of the inhabitants fly, swim, walk, or slither their way around. To visit the Everglades is to step into a haven amongst the mangroves and immerse yourself into the slow, languid pace of life in a swamp.

Find out why most national parks preserve unique geographic features; Everglades National Park was the first created to protect a fragile ecosystem.

PLAN YOUR VISIT ~ Join us for this wonderful adventure. Grab your lunch, sit down with your iPad or computer for a picnic while soaking in the amazing scenery.
