## NATIONAL PARKS WITH JACKIE

NATIONAL PARKS OFFER EXTRAORDINARY EXPERIENCES; IT'S NOT ALWAYS POSSIBLE TO GET TO A PARK.

TAKE A VIRTUAL TOUR WITH US THROUGH ZOOM AND SEE THE GLORY, HEAR NATURE SOUNDS, DISCUSS THE JOURNEY.

Properties of exceptional value in illustrating the history of the United States may be designated National Historic Landmarks.

Nearly 200 years old, New York's canal system has been in continuous operation since 1825, longer than any other constructed transportation system on the North American continent.

Built to create a navigable water route from New York City and the Atlantic Ocean to the Great Lakes today pleasure boats, kayaks and canoes, and commercial vessels share the waterway. It's a world class tourism destination. Visit Norman Rockwell inspired towns dotted with restaurants and breweries or use the canal as a launching point to explore all the region has to offer; access to Niagara Falls, close proximity to the Finger Lakes, fishing and much, much more!

Find out why, it's all about water. Why it was built and transformed New York City into the nation's principal seaport and opened the interior of North America to settlement.

**PLAN YOUR VISIT** ~ Join us for this wonderful adventure. Grab your lunch, sit down with your iPad or computer for a picnic while soaking in the amazing waterway.,
