## COVID-19 CASE COUNT

FEBRUARY 25, 2022

### COUNTY LIFTS INDOOR MASKING REQUIREMENTS FOR CUSTOMERS UPON PROOF OF FULL VACCINATION

Effective today, the [Los Angeles County Health Officer](#) Order has been updated to allow establishments, businesses, and venues verifying vaccination status to make masking indoors optional for fully vaccinated individuals.

Those patrons not fully vaccinated must provide proof of a recent negative test to enter the business and are still required to wear a masks indoors. The order also allows businesses to continue to require indoor masks if they do not wish to verify vaccination status.

Due to the labor-intensive nature of verifying vaccination and testing status of patrons entering City facilities without a mask, the City of Manhattan Beach has opted to continue requiring masks indoors for all patrons until further notice.

For more information on the updating mask requirements, please visit [L.A. County Indoor Masking Requirements](#).

### COVID-19 CASE COUNT

The City of Manhattan Beach remains committed to providing the community with critical information and updates on the COVID-19 pandemic. The COVID-19 Situation Reports are published once-a-week on Thursdays and are supplemented with coronavirus Case Counts (latest numbers) on Mondays, Tuesdays, Wednesdays, and Fridays to keep the community informed. In an effort to find a balanced approach to disseminating COVID-19 updates to the community, staff is reviewing the analytics, email comments and general feedback about the frequency and email lists for news on the Coronavirus.
