

COMPOST

made easy

THE CITY OFFERS MULTIPLE PROGRAMS TO HELP RECYCLE FOOD AND YARD WASTE:

Curbside Organics Pick-up (green cart) The green curbside cart accepts yard and food scraps (all food accepted, even meat & oily foods). Place organic materials directly into your green cart — don't bag your organic materials.

Backyard Composting Residents can recycle yard waste, food scraps and soiled paper in their own backyard with composting and worm bins — then use the organic compost it creates as a natural fertilizer in your garden.

Want to learn more? Join us for a FREE workshop that will teach you about the curbside foodwaste program & Backyard Composting techniques! The workshops last one hour, are open to the public and all levels are welcome. Manhattan Beach residents can purchase a discounted Backyard Compost Bin or a Worm Bin at the workshop or order year-round directly from WM at (310) 830-7100. (see back side)

Backyard Composting Bins

SOILSAVER BACKYARD COMPOST BIN

Recycle your yard waste and vegetable scraps into a rich fertilizer for your garden with Soilsaver compost bin. The City of Manhattan Beach makes it easy by offering the Soilsaver backyard composting bin for purchase to residents at a discounted price.

Dimensions: 28" W x 28" D x 32" H // \$35 (a \$99 value!)

WORM BIN

Unearth the many benefits of worm composting. The City of Manhattan Beach offers the 2-Tray Worm Factory bin for purchase to residents. The small bin can be placed on your patio or in your garage. You don't need a backyard, leaves or yard clippings. Just feed the worms kitchen scraps and create the richest organic fertilizer in the process. With the purchase of a worm bin, you'll receive red worms and a booklet.

Dimensions: 22" L x 15" W x 25" H // \$35 (a \$129 value!)

Can't make it to the class?

You can also order a discounted bin by contacting WM directly @ 310.830.7100
