Dear all - I'm reaching out today in support of our local MB Firefighters and asking you to come back to the table to do the work to keep our city safe and our fire department local.

I believe it is important to be able to attract new talent and retain current firefighters to ensure that our department can stay local and not be forced to move to having an LA County force. I think it is of the utmost importance to provide our firefighters with a fair contract, a fair opportunity to promote, fair benefits to attract and retain the best, and safe working conditions for this dangerous and very important job.

Please be reasonable and continue negotiations to support our local heroes.

Best,
April Tussing

Hello City of MB,

I wanted to express my support for the Manhattan Beach Fire Department. Please don't change a thing. Our community deserves a well respected and staffed Fire Department in its current state.

Regards,
Mitchell Dutko

Hello,

I'm writing in support of manhattan beach fire dept. I'd love to see the city come back to the table with an offer to keep our firefighters and to continue to promote within. We rely on our first responders as a community especially in the past 2 years during Covid. I can't think of bigger priorities. I hope to see the mbfd as a priority to the city. Thanks for your time

Thanks,
Danielle Carry

My family and I support our loved fire fighters. Ask them to come back to the table as we only want local fire fighters. If the city would stop spending money on BLM/Lbtq unwarranted requests, we'd have the monies needed to keep our local fire department.

Hello,

I've been seeing a lot of signs around town about the City cutting the MBFD's funding, reducing fire fighter headcount, etc. Could you please let me know what the reasoning is behind these decisions?

Thanks,

Dear City Council,

I am in favor of supporting our local fire department. Local resources and commitment keep our community strong with a small town atmosphere.

Local resources allow local oversight, highlighting needs of MB residents and not agendas/problems of an entire diverse county.

Please consider local.
