I've reviewed the presentation for May 10 meeting-
my comments:

It appears to me there is a lot of upgrading of existing positions occurring.

Examples:

HR \$8500

Parks and Rec \$11,600 and \$12,000 for two positions. In addition, there are new part time positions being added and not showing in the new full time category. In HR .. an \$81,000 for a senior HR business partner ? At the same time, the Older Adults program decrease of approximately \$95,000 in staff assistance to the OA population. I see no increases in either Fire or Police where we have seen increases in certain crimes in our City. I don't understand the rationale of increasing and changing categories when our Public Safety has not increased at all.

PS-I have requested from City Council, a budget of the expenses the city is responsible for as outlined in the MOU/Measure A. I was given what the city was being paid but not the cost of what the City was going to spend

on fulfilling these requirements. Still waiting!
