City Council , please convince the residents of Manhattan beach why you believe cutting 2 MB Firefighters/Paramedics positions with civilians is good for our town? How much money will Manhattan Beach be saving annual? Why would you feel that our town's public safety is for sale? To my knowledge, if 2 units are out tending to emergencies what happens if a third call comes in with someone having a heart attack? Will your civilians know what to do? Is your endgame to erode our public safety services? Maybe it's time for me to invest in a defibrillator and take a CPR class\_.

As our city representatives, please think about MB residents' safety first... not the bottom line.....

The lack of transparency around the continued stalemate between MBFD, City Council, and City Mgr. Moe is a disturbing example of the current council's hesitation to engage in honest public conversations about the future of our City. It is even more disturbing when the current issue bears on our public safety. Residents deserve to know all the FACTS, unfiltered, from both sides in a public forum, so we are able to form our own opinions and and ask questions.

MBFD deserves the same respect we give MBPD. They deserve stable leadership, and a new contract.

I ask our City Council to authorize mediation with our MB Firefighters/EMTs, and agendize a discussion of the ongoing issues around our MBFD so that we citizens can be informed about what's happening. MBFD is a pillar of our community and a big part of the 90%+ satisfaction MB residents have expressed about Public Safety in our town. The inability to negotiate a contract with the MBFA is disrespectful to our MBFD who have served us faithfully and professionally, without fail. If City leaders want to contract our Fire services to LA County then it would be appropriate to inform residents about the reasons why, in a public setting with full transparency and above all, respect for our Firefighters/EMTs. MBFD has been a source of pride in our town for most of our history - they deserve our blessing, not the disrespect shown by our elected City Council.

As the Owner of the 1st Historic Landmark home I support the nomination of 1505 Crest Drive to be the 2nd Historic Landmark Home for the City. As the Owner of a Historic Landmark Home I take great pride in owning this home and maintaining the integrity of the home. I know the owners of 1505 Crest Drive also take great pride in their home. The City should encourage more to apply as it has been proven that the Owners of these homes take great pride in owning and maintaining their home. As time passes, more and more homes are demolished to built new modern homes. To make this home at 1505 Crest as a Historic Landmarks keep a little of the history of what Manhattan Beach homes were like. It not often a homeowner applies for this designation, Let's save these homes, 1 home at a time. This will only be the 2nd home to be designated a Historic Landmark home with your help! Thank you for your consideration! Annette & Chris Mejia Pickens

Obviously, this is a good thing to go around the crazy DA Gascon and prosecute crimes ourselves since he won't.
