Dear City Council,

As a resident of MBFD I am writing in support of MBFD and ask that you follow the recommendations of the neutral third party assessment for resolution of the dispute. After I first wrote to you several of you wrote back with counter points. I researched those points as well as the firefighters' points and concluded that our firefighters have reasonable requests that ultimately keep MB safer.

Data indicates that lifespans of firefighters are shorter due to multiple hazards on the job.

Please support them and honour the service they provide to MB.

Thank you.

EXTERNAL EMAIL: Do not click links or open attachments unless you trust the sender and know the content is safe.

Honorable Mayor, Mayor Pro Tem and Councilmembers:

If the City Council truly seeks to resolve a years long labor dispute, I believe the most responsible and prudent course of action is for the City to agree to participate in mediation. I understand why the City declined to do so earlier. However, now that both parties have the benefit of a neutral fact finder's views, you and MBFA now have a basis from which to bargain, and bargain in good faith. If you fail to avail yourself of this opportunity, then it would be reasonable to assume that you never did intend to bargain in good faith.

From my point of view, impasse should never be declared until you have exhausted every available avenue and opportunity to bargain.

Kind regards, Mark

Martha Alvarez, MMC

Hi Erik,

I see, as expected, our Pacific Avenue/18th Street 4-Way Stop Sign Request is on the Consent Calendar for next Tuesday's City Council meeting – see highlighted portion on page 6 of attached Council Agenda.

Though we hope there will be no problem with the Council Members approving and adopting our 4-Way Stop Sign item, consistent with taking nothing for granted, I intend to be present at the meeting for that portion of the agenda ... in case something goes awry.

Will you be present Tuesday night? If such an unfortunate event as pulling our 4-Way Stop Sign item from the Consent Calendar should occur, I would like to have my above, slightly revised presentation ready to put up on the screen.

Thank you and thank you for all your help,

-- *Paul*

Subject: RE: [EXTERNAL] Pacific Avenue/18th Street 4-Way Stop

Hi Paul,

You are smart to take nothing for granted.

1. This date is the earliest I can add an item to the agenda. I wanted to have the stop sign installed as soon as possible after school starts this fall.
2. The possible outcomes are: a) automatic approval on consent, b) item pulled and discussed and approved individually, c) item pulled and discussed and continued, or d) item pulled and discussed and referred back to PPIC (not likely).
3. The installation time would probably be 2-4 weeks after approval, because the old markings need to be removed by grinding, and new STOP markings installed by our subcontractor.
4. The new stop signs will have big orange flags mounted above them so drivers will notice the change. We will also place stop signs at the centerline on barricades for extra driver awareness for a few months.

Feel free to contact me if you have any questions.

Erik

Subject: [EXTERNAL] Pacific Avenue/18th Street 4-Way Stop

Hi Erik,

Needless to say we were all very pleased with the outcome of last night's PPIC meeting. Many thanks to you and Fel for your cooperation, assistance and responsiveness throughout the process to date.

However, I had forgotten that the September 20th City Council sign-off is required before things can proceed with installation of our 4-way stop. Though City Council's final approval should be perfunctory, I take nothing for granted.

A couple of questions as the process continues:

- 1) Is there any way the date of our 4-way stop final approval by Council could be moved to the Consent Calendar for another date, before or after September 20th ... other than being moved to a later date at the September 20th meeting by Council intervention?
- 2) What could happen at the September 20th Council meeting other than a default approval of our 4-way stop by Council's approval of the Consent Calendar?
 - I see that a single Council Member can pull an item from the Consent Calendar for "individual consideration".
 - What are the possible outcomes of this "individual consideration" ... could the Council reject our 4-way stop and/or send it back to PPIC for further review?
- 3) Assuming that Council approves our 4-way stop on September 20th, how long does it typically take to have such a 4-way stop installed?
 - As you can see from the attached slide I didn't use last night, the Martyrs and Pacific elementary schools and pre-schools all start for the 2022/23 school year in less than a month.
- 4) When new stop signs are first installed (such as the two that will be installed on Pacific as part of our 4-way stop), what is typically done to alert drivers of the new stop sign?
 - It would be nice to have flashing lights around the new stop signs like the stop signs immediately around Pacific and Martyrs elementary schools.

Thanks again for everything,

-- *Paul*

A Recent Motivation For Seeking This 4-Way Stop

- Having lived on this corner for over 30 years, my wife and I constantly hear the screech of near accidents and the screech and thump of accidents with damage to one or both cars.
- In fact, on Friday, March 11th of this year, at approximately 1:45 PM, there was a car accident on our corner, with an injury to one of the parties involved, a senior citizen - see Manhattan Beach PD incident #715-T.

The Time To Approve This 4-Way Stop Is Now!

- Pacific Elementary School started 2022-23 school year on **August 24th**
- Pacific Pre-School started 2022-23 school year on **August 25th**
- American Martyrs Pre-School started 2022-23 school year on **August 22nd**
- American Martyrs Elementary School started 2022-23 school year on **August 24th**

Subject: [EXTERNAL] MB City Council: Weekend Hate Image & Request to Formally Support the Jewish Community
Attachments: 5178FFB0-E87A-4E2C-AB08-5E4A3EEF739D.jpeg

EXTERNAL EMAIL: Do not click links or open attachments unless you trust the sender and know the content is safe.

City Council Members,

The purpose of this email is twofold: to call your attention to the brazen and accelerating anti-Semitic climate in our beloved Manhattan Beach, and to ask for the City's FORMAL support of our diverse Jewish community during tomorrow's City Council Meeting at 6 pm.

Please see the attached photo, which was taken this weekend. I already submitted this image to the MBPD, and flagged it to the ADL, but wanted to put it on your radar as well. It is relevant not only due to the rising anti-Semitic activity in our town, but also the recent vandalism at MBUSD campuses. These symbols are derivative, divisive and immediately spark discomfort. After submitting the picture to the ADL last night, they quickly opined that the red around the swastika neither negates or reinforces the image, it is what it is: a swastika. It also clarified that the 88 is just as problematic. The 8th letter in the alphabet is H, so 88 equates to HH, or Heil Hitler. It is disgusting that this type of hate is openly displayed in our community.

I know that there are pressing Fire Department issues on the docket tomorrow, but I would like to have the MB City Council publicly come out in support of the Jewish Community and formally acknowledge the International Holocaust Remembrance Alliance's (IHRA) definition of Anti-Semitism.

Given the widespread adoption of this definition worldwide, perhaps Council thought it had already been done, or it was a foregone conclusion? It is not. And we need your help now. I urge you to add this item to the agenda tomorrow and formally acknowledge the IHRA's definition of Anti-Semitism. This hate must be addressed now. It cannot continue to fester. With your leadership, Manhattan Beach can unequivocally denounce anti-Semitism and actively support our Jewish community.

“Antisemitism is a certain perception of Jews, which may be expressed as hatred toward Jews. Rhetorical and physical manifestations of antisemitism are directed toward Jewish or non-Jewish individuals and/or their property, toward Jewish community institutions and religious facilities.”

Kelly Ifergan

Mayor Napolitano and Honorable City Council Members,

As a Manhattan Beach Community member, I urge you to accept the independent, 3rd party report and OPPOSE voting to implement cuts to our Manhattan Beach Fire Department.

You asked for a 3rd party report and you got just that....now it's time to accept the findings.

I urge you to ACCEPT the “independent, neutral and 3rd party” report and put Manhattan Beach public safety above political agendas.

Our Manhattan Beach Community deserves that.

Mayor Napolitano and Honorable City Council Members,

As a Manhattan Beach Community member, I urge you to stop the nonsense and treat our firefighters fairly. This circus has gone on long enough. The firefighters should be treated the same as all other city employees at the very least. I do not want our Fire Prevention officers civilianized as these positions serve dual roles in case of a major emergency. In addition I want the city to fill vacancies in a timely manner instead of shifting the burden on to the firefighters for years on end. If the city can't do that then I urge you to at the very least accept the independent, 3rd party report and OPPOSE voting to implement cuts to our Manhattan Beach Fire Department.

You asked for a 3rd party report and you got just that....now it's time to accept the findings.

Mayor Napolitano and Honorable City Council Members,

As a retired first responder and someone who has a nonprofit ministry that serves first responders full-time, surveys indicate that the biggest stress and moral injury to first responders is when their leadership within the department and their management within the government organization is not standing behind them. It seems like there's been at least five years of conflict between leadership and the troops, as well as city council and the city manager with the firefighters.

Quite frankly it is ridiculous for such a small fire department to hire outside battalion chiefs or even a fire chief. It is a morale killer. It takes two or three years for someone to get to know a city and to understand the personnel, long before they can implement positive changes and have a strong influence. It would seem your previous battalion chiefs and your Chiefs elections are just looking for a big second retirement check so by the time they might be able to make a change they are punching out. And such a tiny department there's very little motivation for different positions and promotions so hiring outside is just terrible.

It would also seem there's a lot of misleading arguments about they make so much money when the overtime is forced and these guys are miserable missing time away from their families. Not to mention once you were up for 16 hours your decision making and reaction times are the same or worse than being legally drunk. Having people work so much overtime is risking their lives as well as the people they may have to work on medically. It is completely irresponsible for them to be so short staffed and have vacancies, and for you to take other positions that will not be firefighter positions anymore further making the staffing tighter.

If it is true that the previous battalion chiefs that were filling in left because they make more money as captains, that is absurd as well.

As a Manhattan Beach Community member, I urge you to accept the independent, 3rd party report and OPPOSE voting to implement cuts to our Manhattan Beach Fire Department.

You asked for a 3rd party report and you got just that....now it's time to accept the findings.

Mayor Napolitano and Honorable City Council Members,

As a Manhattan Beach Community member, I urge you to accept the independent, 3rd party report and OPPOSE voting to implement cuts to our Manhattan Beach Fire Department.

You asked for a 3rd party report and you got just that....now it's time to accept the findings.

I urge you to ACCEPT the "independent, neutral and 3rd party" report and put Manhattan Beach public safety above political agendas.

Our Manhattan Beach Community deserves that.
