

DOWNTOWN AND NORTH END

Where do you see opportunities or challenges for outdoor dining in the North End and Downtown Neighborhoods (related to public seating, sidewalk dining, dining decks, passenger loading, bike parking, trash, car parking, noise, traffic, loading trucks, or other considerations)?

What opportunities or constraints should be considered for walk street commercial corners?

ADDITIONAL INPUT

Do you have any additional suggestions or concerns that you would like to share?

Welcome!

Tonight you will have the opportunity to learn more about the Manhattan Beach long-term Outdoor Dining program development and share your ideas about opportunities, challenges, and concerns that should be considered in this effort. Please use this handout to provide additional comments related to the topics displayed on the posters in the exhibit areas.

Thank you for your participation!

6:00pm **Introductions**

6:05pm **Project Background and Context**

6:10pm **Project Timeline**

- Walk Street Commercial Corners

8:00pm **Workshop End**

DEFINING OUTDOOR DINING

What does outdoor dining mean to you?

PLACEMAKING/OUTDOOR DINING FEATURES

What types of public improvements would you like to see?

PARKING ANALYSIS

What are some common challenges that employees, visitors, and community members face when parking?

What outdoor dining considerations or design elements are important to you?

What are some solutions or strategies to consider to improve the parking experience?

RESIDENTIAL COMMUNITY IDEAS

What are your ideas, issues, and concerns that should be addressed through this effort?
