

Manhattan Beach Begg Pool Modernization Study

- Let's Dive In!

We invite you to explore options for modernizing the Begg Pool facility and share your priorities. Our aging pool facility needs to be renovated, creating opportunities for you and your neighbors to help envision how our beloved community pool should evolve.

Make a Splash By Sharing Your Opinions

We welcome everyone to share their ideas and priorities for Begg Pool. Tonight, we have several table stations set-up with different topics of discussion. There will be a quick introduction at each table, which will lead into an open discussion about your interests and ideas for the facility. *Don't be afraid to share your opinions – we want to hear them!*

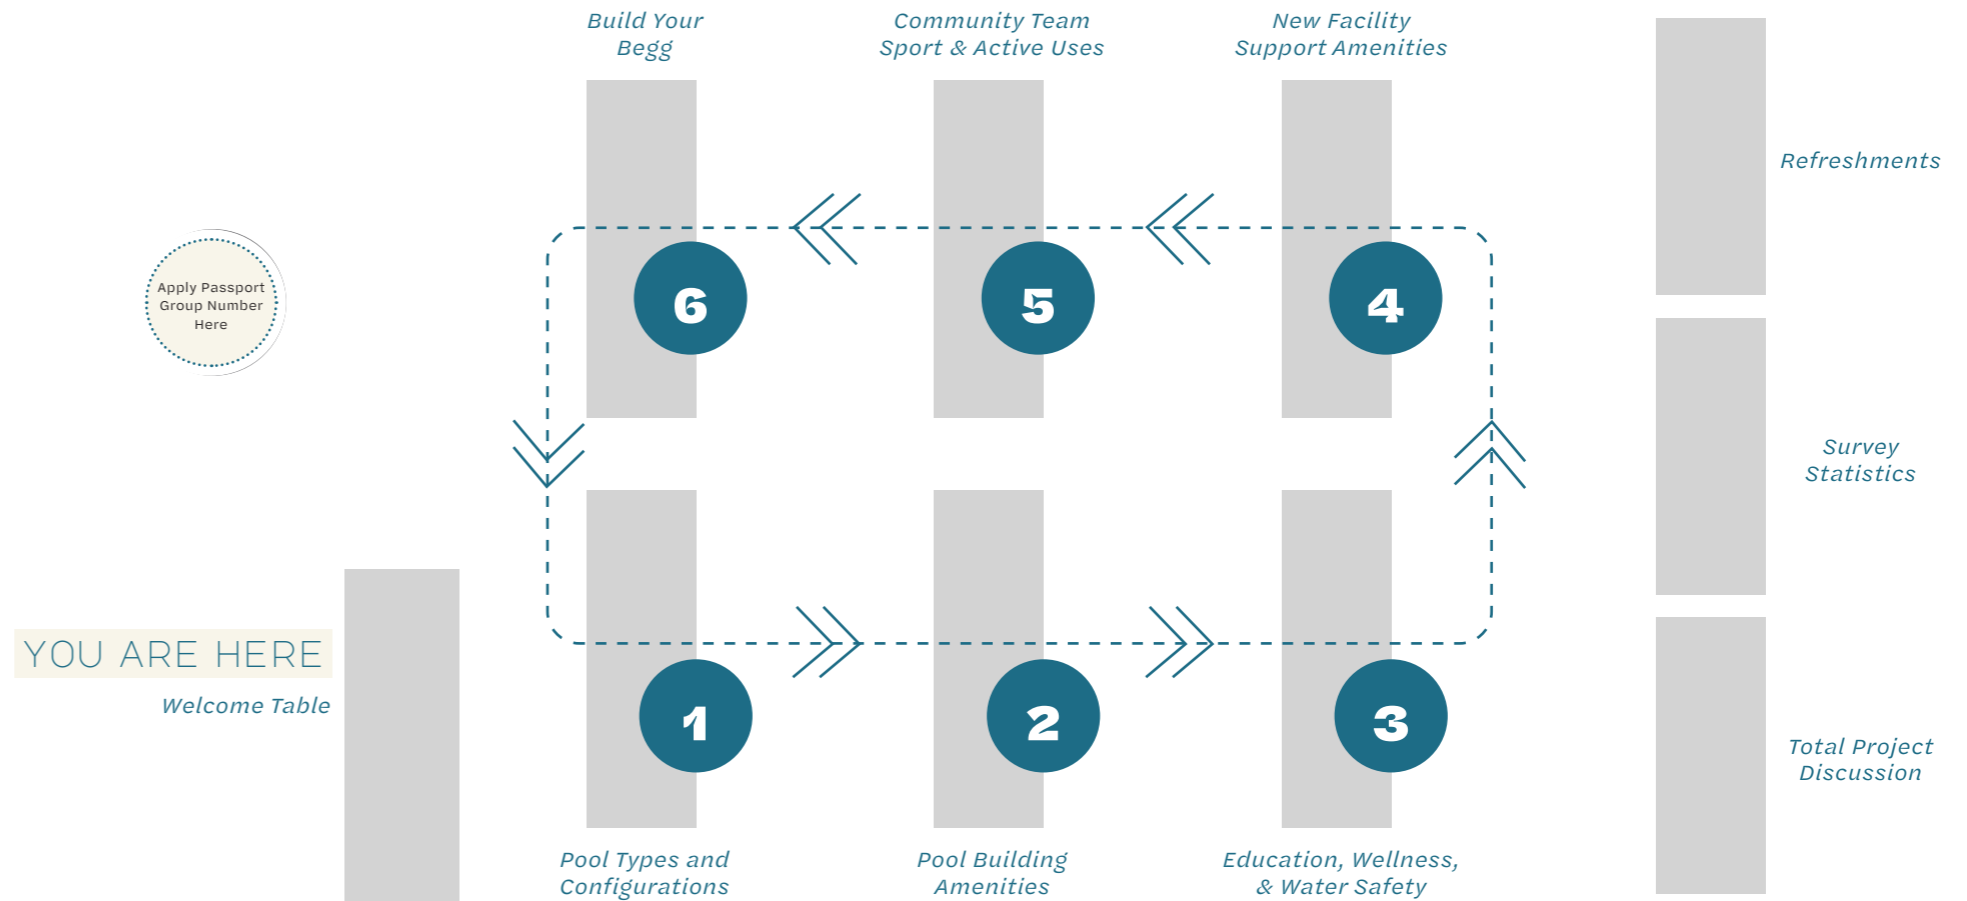

To make sure everyone has the opportunity to share their ideas, each person will be assigned a group number. Guests will begin their journey at the specific numbered table noted on this passport. Each table session will be timed for 10 minutes, at which point, all guest will move to the next consecutively numbered table. However, you are allowed to work your way back to any table if you would like more time.

Follow the Begg Pool Project website for updates and additional opportunities to share your input:

Toolkit For This Evening

Passport - Use this passport to keep track of your journey as you move from table to table. Feel free to take any notes or ideas that come up as you visit each station. At the end of each table station discussion, you will be given a sticker to document your journey.

Marker - Each guest will be given a marker to write notes in your passport. Feel free to leave notes at each station and collaborate with other guests as well! All tables have a blank sheet of white paper for you to write your thoughts on each topic discussed.

Stickers - At the entrance you will be handed (3) sets of stickers; red, yellow, and green. At each table there will be boards with imagery for the topic at that table. Please let us know how you feel about proposed ideas and imagery.

Each color represents the following:

- No interest in proposed idea. Not needed.
- Neutral. Not sure how I feel about it.
- I'm interested in this. This would be great!

1 POOL TYPES AND CONFIGURATIONS

Apply Passport Sticker #1 Here

Two different pool sizes can offer a variety of community programs and options for different swim levels, including the flexibility to run multiple programs at the same time. Our table host tonight will walk you through the different activities a 25Y and 35M pool can offer.

25 - YARD POOL

Notes:

35 - METER POOL

4 NEW FACILITY SUPPORT AMENITIES

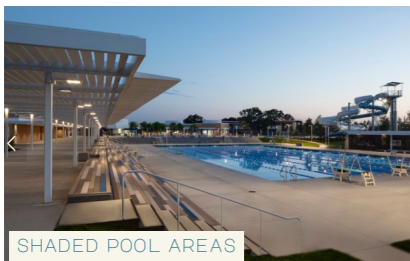

Apply Passport Sticker #4 Here

When visiting the current Begg facility, are there any exterior amenities that you wish were offered, such as secured outdoor lockers, deck showers, or more seating areas? Are there amenities that could directly support the needs of the programs and classes offered?

INTEGRATED LANDSCAPE SEATING

Notes:

SHADED POOL AREAS

2 POOL BUILDING AMENITIES

Apply Passport Sticker #2 Here

A redesigned pool building offers new spaces and enhancements to improve the function and enrich the overall experience of the facility. Some examples include modernized showers and new locker rooms, a lobby and information counter, or a new space to support aquatic programs or host events.

MULTIPURPOSE ROOM

Notes:

UPGRADED LOCKER ROOMS

5 COMMUNITY TEAM SPORT AND ACTIVE USES

Apply Passport Sticker #5 Here

Local team sports can serve as a unifying force for community. We would love to hear about your involvement in any local team sports, or your interest in seeing a particular new aquatic sport supported at the new facility.

OPEN LAP SWIMMING

Notes:

SUMMER CAMP PROGRAMS

3 EDUCATION / WELLNESS / WATER SAFETY

Apply Passport Sticker #3 Here

A well-designed pool facility becomes a hub of learning and a center for promoting community well-being. Currently, the City and Manhattan Beach USD offer a variety of education, wellness, and water safety programs for different age groups. Are there any classes that you or your family would like to participate in that are currently not offered?

BABY WATER INTRODUCTION

Notes:

JUNIOR LIFEGUARD TRAINING

6 BUILD YOUR BEGG

Apply Passport Sticker #6 Here

If you could design your own Begg facility, what type of pool would you select, what amenities would you include, and how would you organize it? Tonight, you are the designer, and you have the opportunity to create a Begg facility you believe would best serve your community's needs.
