### Upcoming Compliance Deadlines

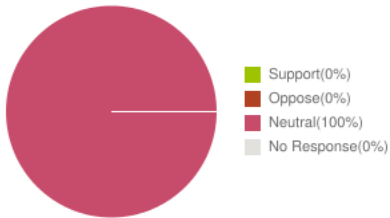

South Coast AQMD has issued a reminder regarding upcoming compliance deadlines. New rules and regulations may be adopted, and current rules may be amended or rescinded throughout the year. Such decisions may impact businesses in the region, including the South Bay Area. For more information and to review deadlines, visit <https://bit.ly/4aS1Qvu>.

### South Coast AQMD's Rule 1180 and 1180.1

On January 5, 2024, the South Coast AQMD Governing Board voted to amend Rule 1180 – Fenceline and Community Air Monitoring for Petroleum Refineries and Related Facilities, and adopt Rule 1180.1 – Fenceline and Community Air Monitoring for Other Refineries. These rules will require refineries and facilities with operations related to refineries, many of which are located near South Bay Communities, to monitor certain air pollutants at or near their fenceline. For more information, visit <https://bit.ly/Rule-1180>.

I would urge the City representatives to encourage the BID to both educate and monitor compliance regarding City Code. For instance, the laundromat on Highland for months has deployed a changeable sign, contrary to community rules. I wouldn't doubt that is because no one told them different.

When there are available County funds, I think it would be better government if there was an open discussion of the variety of projects such funds could be applied. Certainly Veterans Parkway jogging path could use some leveling below the chips.

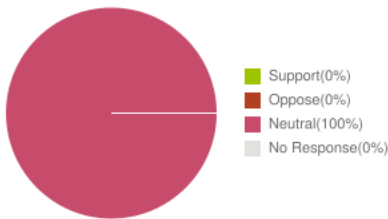

Also using funds for "installation of the City's custom logo?" Don't see where that's going to improve anyone's quality of life.

Agenda Item: eComments for 14. 24-0016 Consideration of Juneteenth Community Events in 2024 (Parks and Recreation Director Leyman).

(Estimated Time: 60 Mins.)

DISCUSS AND PROVIDE DIRECTION

All for Juneteenth events, but given the lack of anything particular for MLK Day, this seems more performative than impactful or heartfelt. Again, there's a lot we can do in this community to make it inviting for people of color than just dispensing our obligations with a one day event.

Agenda Item: eComments for 15. 24-0010 Consideration of Field Reservation and Per-Player Fee Adjustments and Creation of a Turf Replacement Plan (Parks and Recreation Director Leyman).

(Estimated Time: 30 Mins.)

In the main, I believe a city exists to provide recreational areas for its residents, and such usage should be free. Also do not like the CPI increase provision, and suggests there is a direct CPI to turf replacement cost which might not exist. In addition, should be in its own separate fund and should refrain from pounding the WIP with indirect overhead costs. The proposed accounting and fee structure severely reduces periodic oversight and accountability.
