

# Desalination or Conservation

The West Basin Municipal Water District, the major supplier of freshwater in the South Bay, is considering a full-scale desalination plant on the Redondo Beach waterfront.

Learn about the pros and cons of desalination at a Public Forum hosted by the *Environmental Priorities Network* featuring three knowledgeable speakers:

Saturday, June 5<sup>th</sup>

9:30 AM to 12:00 PM

Coffee & Snacks 8:30-9:30

Pacific Unitarian  
Church

5621 Montemalaga Drive  
Rancho Palos Verdes.

- **Ron Wildermuth**  
Manager of Public and Government Affairs for the West Basin Municipal Water District
- **Debbie Cook,**  
Congressional Candidate in 2008 and Former Mayor of Huntington Beach
- **Conner Everts,** Co chair of the Desal Response Group and Executive Director of the Southern California Watershed Alliance

Tables will display information on environmental organizations & activities
