

Energy Efficiency 101 for Manhattan Beach Residents: Green Tips to Save Energy and Water

Presented by SBESC in collaboration with the City of Manhattan Beach

Do you walk through your house turning off lights? Is your refrigerator more than 10 years old? Do your sprinklers turn on when it rains? Are you planning a remodel and don't know where to start?

Now is the perfect time to think about becoming energy efficient and save money!

Sign up for our workshop!

- Learn how to make energy efficiency a part of the normal routine in your home.
- Learn how to prioritize your energy and water projects to get the most for your money.
- Learn about available rebate and incentive programs from utilities.
- Learn about no-cost and low-cost projects you can do *today* to get started.
